Attention: Andrea Kollath, DVM
Director, Global Regulatory Affairs

Dear Ms. Kollath:

Please refer to your Supplemental New Drug Application (sNDA) dated and received August 30, 2013, submitted under section 505(b) of the Federal Food, Drug, and Cosmetic Act (FDCA) for Ultracet™ (tramadol HCl/acetaminophen) Tablets.

We acknowledge receipt of your amendment dated October 2, 2013.

We also refer to our letter dated August 1, 2013, notifying you, under Section 505(o)(4) of the FDCA, of new safety information that we believe should be included in the labeling for acetaminophen-containing products. This information describes the risk of serious skin reactions with the use of acetaminophen-containing products, based on new safety information about this risk identified since the product was approved.

This supplemental new drug application provides for revisions to the labeling for Ultracet™ consistent with our August 1, 2013, letter.

We have completed our review of this supplemental application, as amended. It is approved, effective on the date of this letter, for use as recommended in the enclosed, agreed-upon labeling text.

To facilitate review of your submission, provide a highlighted or marked-up copy that shows all changes, as well as a clean Microsoft Word version.
