We also refer you to our letter dated May 13, 2014, notifying you, under Section 505(o)(4) of the FDCA, of new safety information that we believe should be included in the labeling for drugs to treat major depressive disorder. This information pertains to the risk of angle-closure glaucoma.

We also refer you to our extension letter dated July 9, 2014, which provided for a 30-day extension to allow us to complete our review and reach agreement of the content of the labeling.

This supplemental new drug application provides for revisions to the labeling for Venlafaxine Hydrochloride Extended-Release consistent with our May 13, 2014 letter.
