Dear Ms. Garikipati:

Please refer to your Supplemental New Drug Application (sNDA) dated August 28, 2013, received August 29, 2013, submitted under section 505(b) of the Federal Food, Drug, and Cosmetic Act (FDCA) for Stavzor (Valproic acid) Delayed Release Capsules.

We also refer to our electronic communications dated July 23, 2013, informing you of new safety information that we believe should be included in the labeling for valproate products. This information pertains to the risk of fatal liver failure in patients with mitochondrial disease associated in patients with POLG mutations.

These supplemental new drug applications provide for revisions to the labeling for Stavzor, consistent with our July 23, 2013, electronic communication.
