Dear Mr. Gigger:

Please refer to your Supplemental New Drug Application (sNDA) dated and received November 25, 2014, submitted under section 505(b) of the Federal Food, Drug, and Cosmetic Act (FDCA) for Bydureon (exenatide extended-release) for injectable suspension.

We acknowledge receipt of your amendments dated January 30, February 16, March 3 (2) and March 6, 2015.

We also refer to our letter dated October 7, 2014, notifying you, under Section 505(o)(4) of the FDCA, of new safety information that we believe should be included in the labeling for long-acting GLP-1 receptor agonist products. This information pertains to the risk of medullary thyroid carcinoma.

This supplemental new drug application provides for revisions to the labeling for Bydureon consistent with our October 7, 2014, letter.
