Attention: Nancy Nair, PharmD, MBA
Associate Director, Global Regulatory Affairs

Raritan, NJ 08869

Dear Dr. Nair:

Please refer to your Supplemental New Drug Application (sNDA) dated and received February 20, 2015, submitted under section 505(b) of the Federal Food, Drug, and Cosmetic Act (FDCA) for OLYSIO® (simeprevir) 150 mg, capsules.

We acknowledge receipt of your amendments dated April 8 and 13, 2015.

We also refer to our letter dated January 21, 2015, notifying you, under Section 505(o)(4) of the FDCA, of new safety information that we believe should be included in the labeling for OLYSIO® (simeprevir) capsules. This information pertains to the postmarketing reports of markedly increased levels of bilirubin associated with hepatic decompensation and hepatic failure, including fatal cases, in patients receiving treatment with OLYSIO® (simeprevir) in combination with peginterferon alfa and ribavirin or OLYSIO® (simeprevir) in combination with sofosbuvir.

This supplemental new drug application provides for revisions to the labeling for OLYSIO® (simeprevir) capsules, consistent with our January 21, 2015 letter and agreed upon labeling revisions through electronic mail correspondence dated March 25 and April 8 and 15, 2015.
