**DEEMED GRANTED -  
MEDICAL GAS CERTIFICATION REQUEST**

Matheson Tri-Gas Inc.  
Attn: Bonnie J. Stanage  
Vice President, Safety and Compliance  
1916 2<sup>nd</sup> Street NW  
Albuquerque, NM 87102

Dear Ms. Stanage:

Please refer to your May 30, 2013, request received on June 3, 2013, for certification of Medical Air, USP as a designated medical gas. You have requested to market Medical Air, USP for human and animal drug use.

A request for certification of a medical gas as a designated medical gas submitted under section 575(a)(1) of the Federal Food, Drug, and Cosmetic Act (FD&C Act) is deemed to be granted unless, within 60 days of the filing of the request, FDA finds that one or more of the bases for denying the request listed at section 575(a)(2) of the FD&C Act applies. FDA has made no such finding in connection with your request, and 60 days have passed since your request was filed. Accordingly, by operation of section 575(a)(2) of the FD&C Act, your request for certification of Medical Air, USP as a designated medical gas is deemed to be granted, and you now have in effect an approved new drug application (NDA 205890) and an approved new animal drug application (NADA 141400) for this gas.

If any of the information you have submitted in connection with your request becomes incomplete or inaccurate, please consult section IV.D of the draft guidance document entitled *Certification Process for Designated Medical Gases* (available at <http://www.fda.gov/downloads/Drugs/GuidanceComplianceRegulatoryInformation/Guidances/UCM332136.pdf>) for instructions on providing FDA with complete, up-to-date information. Please address any such communications to:
