

NDA 020076/S-041

SUPPLEMENT APPROVAL

Dr. Reddy's Laboratories, Inc.
Attention: Srinivasa Rao, PharmD
Senior Director and Head Regulatory Affairs - North America
107 College Road East, 2nd Floor
Princeton, NJ 08540

Dear Dr. Rao:

Please refer to your supplemental New Drug Application (sNDA) dated and received November 10, 2015, and your amendments, submitted under section 505(b) of the Federal Food, Drug, and Cosmetic Act (FDCA) for Habitrol (nicotine transdermal system) patch, 7 mg, 14 mg, and 21 mg.

This "Prior Approval" supplemental New Drug Application provides for the following labeling revisions:

- new 2-count and 4-count package sizes, including associated carton, immediate container, and consumer information leaflet
- revises the Drug Facts labeling Warnings section and corresponding sections in the consumer information leaflet

We have completed our review of this application, as amended. It is approved, effective on the date of this letter, for use as recommended in the agreed-upon labeling text.

LABELING

Submit final printed labeling (FPL), as soon as they are available, but no more than 30 days after they are printed. The FPL must be identical to the draft labeling submitted on February 4 and March 17, 2016, respectively, as cited in the table below, and must be in the "Drug Facts" format (21 CFR 201.66), where applicable.

Submitted Labeling		Date Submitted
7 mg	2-count and 4-count Outer Carton	March 22, 2016
14 mg	2-count and 4-count Outer Carton	March 22, 2016
21 mg	2-count and 4-count Outer Carton	March 22, 2016
7 mg	1-count Immediate Container (pouch)	February 4, 2016
14 mg	1-count Immediate Container (pouch)	February 4, 2016
21 mg	1-count Immediate Container (pouch)	February 4, 2016
	Consumer Information Leaflet (self-help user's guide)	February 4, 2016

The FPL should be submitted electronically according to the guidance for industry titled “Providing Regulatory Submissions in Electronic Format – Human Pharmaceutical Product Applications and Related Submissions Using the eCTD Specifications (June 2008).” Alternatively, you may submit 12 paper copies, with 6 of the copies individually mounted on heavy-weight paper or similar material. For administrative purposes, designate this submission “**Final Printed Labeling for approved NDA 020076/S-041.**” Approval of this submission by FDA is not required before the labeling is used.

DRUG REGISTRATION AND LISTING

All drug establishment registration and drug listing information is to be submitted to FDA electronically, via the FDA automated system for processing structured product labeling (SPL) files (eLIST). At the time that you submit your final printed labeling (FPL), the content of labeling (Drug Facts) should be submitted in SPL format as described at <http://www.fda.gov/ForIndustry/DataStandards/StructuredProductLabeling/default.htm>. Information on submitting SPL files using eLIST may be found in the guidance for industry titled “SPL Standard for Content of Labeling Technical Qs and As” at <http://www.fda.gov/downloads/Drugs/GuidanceComplianceRegulatoryInformation/Guidances/UCM072392.pdf>. In addition, representative container or carton labeling, whichever includes Drug Facts, (where differences exist only in the quantity of contents statement) should be submitted as a JPG file.

REQUIRED PEDIATRIC ASSESSMENTS

Under the Pediatric Research Equity Act (PREA) (21 U.S.C. 355c), all applications for new active ingredients, new indications, new dosage forms, new dosing regimens, or new routes of administration are required to contain an assessment of the safety and effectiveness of the product for the claimed indication(s) in pediatric patients unless this requirement is waived, deferred, or inapplicable.

Because none of these criteria apply to your application, you are exempt from this requirement.

REPORTING REQUIREMENTS

We remind you that you must comply with reporting requirements for an approved NDA (21 CFR 314.80 and 314.81).

If you have any questions, call Alina Salvatore, Regulatory Project Manager, at (240) 402-0379.

Sincerely,
