SUPPLEMENT APPROVAL

Hospira Inc., a Pfizer Company
275 North Field Drive, Bldg. H2-2
Lake Forest, IL 60045

Attention: Aileen S. Anderson
Manager, Worldwide Safety and Regulatory

Dear Ms. Anderson:

Please refer to your Supplemental New Drug Application (sNDA) dated and received January 13, 2017, and your amendments, submitted under section 505(b) of the Federal Food, Drug, and Cosmetic Act (FDCA) for AMIDATE (etomidate) solution for injection.

We also refer to our letter dated December 14, 2016, notifying you, under Section 505(o)(4) of the FDCA, of new safety information that we believe should be included in the labeling for anesthetic and sedation drugs. This information pertains to the risk of neurotoxic effects in the developing brains of children with repeated or prolonged exposure early in life.

Supplement S-032 provides for the Safety Labeling Changes required under Section 505(o)(4) of the FDCA, consistent with our December 14, 2016, letter, and additional revisions to the Package Insert.

APPROVAL & LABELING

We have completed our review of this supplemental application, as amended. It is approved, effective on the date of this letter, for use as recommended in the enclosed, agreed-upon labeling text.

CONTENT OF LABELING

As soon as possible, but no later than 14 days from the date of this letter, submit the content of labeling [21 CFR 314.50(l)] in structured product labeling (SPL) format using the FDA automated drug registration and listing system (eLIST), as described at <http://www.fda.gov/ForIndustry/DataStandards/StructuredProductLabeling/default.htm>. The SPL will be accessible from publicly available labeling repositories.

Also within 14 days, amend all pending supplemental applications that include labeling changes for this NDA, including CBE supplements for which FDA has not yet issued an action letter, with the content of labeling [21 CFR 314.50(l)(1)(i)] in MS Word format, that includes the changes approved in this supplemental application, as well as annual reportable changes and annotate each change. To facilitate review of your submission, provide a highlighted or marked-up copy that shows all changes, as well as a clean Microsoft Word version. The marked-up copy should provide appropriate annotations, including supplement number(s) and annual report date(s).
