Dear Ms. Lin:

Please refer to your Supplemental Biologics License Application (sBLA), dated and received April 3, 2017, and your amendments, submitted under section 351(a) of the Public Health Service Act for PEGINTRON[®] (peginterferon alfa-2b) injection, for subcutaneous use, 50 mcg per 0.5 mL, 80 mcg per 0.5 mL, 120 mcg per 0.5 mL and 150 mcg per 0.5 mL in single-use vial (with 5 mL diluent) and single-use pre-filled pens.

This Prior Approval supplemental biologics application was submitted to add pericarditis to the ADVERSE REACTIONS, Postmarketing Experience subsection of the Prescribing Information. In addition, the format of the Medication Guide was revised to conform with current labeling standards.

APPROVAL & LABELING

We have completed our review of this supplemental application, as amended. It is approved, effective on the date of this letter, for use as recommended in the enclosed, agreed-upon labeling text.

CONTENT OF LABELING

As soon as possible, but no later than 14 days from the date of this letter, submit, via the FDA automated drug registration and listing system (eLIST), the content of labeling [21 CFR 601.14(b)] in structured product labeling (SPL) format, as described at <http://www.fda.gov/ForIndustry/DataStandards/StructuredProductLabeling/default.htm>, that is identical to the enclosed labeling (text for the prescribing information and Medication Guide) and include the labeling changes proposed in any pending "Changes Being Effected" (CBE) supplements. Information on submitting SPL files using eLIST may be found in the guidance for industry titled "SPL Standard for Content of Labeling Technical Qs and As" at <http://www.fda.gov/downloads/Drugs/GuidanceComplianceRegulatoryInformation/Guidances/UCM072392.pdf>.

The SPL will be accessible via publicly available labeling repositories.

Also within 14 days, amend all pending supplemental applications that include labeling changes for this BLA, including pending “Changes Being Effected” (CBE) supplements, for which FDA has not yet issued an action letter, with the content of labeling [21 CFR 601.12(f)] in MS Word format that includes the changes approved in this supplemental application.
