Dear Ms. Mancini:

Please refer to your Supplemental Biologics License Application (sBLA), dated and received July 22, 2016, and your amendments, submitted under section 351(a) of the Public Health Service Act for Prolia® (denosumab).

This Prior Approval supplemental biologics application proposes:

Modifications to the Medication Guide to align with changes made to the PI.
- Revisions to Use in Specific Populations, Pregnancy section of the PI to remove information regarding Amgen's Pregnancy Surveillance Program.

APPROVAL & LABELING

We have completed our review of this supplemental application, as amended. It is approved, effective on the date of this letter, for use as recommended in the enclosed, agreed-upon labeling text.

WAIVER OF HIGHLIGHTS SECTION

Please note that we have previously granted a waiver of the requirements of 21 CFR 201.57(d)(8) regarding the length of Highlights of prescribing information.

Information on submitting SPL files using eLIST may be found in the guidance for industry titled “SPL Standard for Content of Labeling Technical Qs and As” at <http://www.fda.gov/downloads/Drugs/GuidanceComplianceRegulatoryInformation/Guidances/UCM072392.pdf>.

The SPL will be accessible via publicly available labeling repositories.
