Dear Dr. Sehgal:

Please refer to your Supplemental New Drug Application (sNDA) dated and received January 26, 2017, submitted under section 505(b)(2) of the Federal Food, Drug, and Cosmetic Act (FDCA), for SPRITAM (levetiracetam), 250 mg, 500 mg, 750 mg, and 1000 mg tablets, for oral suspension.

This “Changes Being Effected” supplemental new drug application proposes to:

1. Update the prescribing information to include “acute kidney injury” in Section 6.2; and
2. Add a new Warnings and Precautions subsection of the prescribing information describing the risk for anaphylaxis and angioedema with levetiracetam. The supplement also proposes corresponding revisions to the Contraindications, Adverse Reactions, and Patient Counseling Information sections and to the Medication Guide. These revisions were proposed in response to the communication received from the Agency on April 27, 2017.
