**SUPPLEMENT APPROVAL**

Lupin Pharmaceuticals, Inc.  
US Agent for Lupin Atlantis Holdings SA  
Attention: Sudhir Kaushal, Director Regulatory Affairs  
111 South Calvert Street  
Harborplace Tower, 24th Floor  
Baltimore, MD 21202

Dear Mr. Kaushal:

Please refer to your supplemental New Drug Application (sNDA) dated and received March 5, 2018, submitted under section 505(b) of the Federal Food, Drug, and Cosmetic Act (FDCA) for Antara (fenofibrate) capsules, 30 mg, 43 mg, 87 mg, 90 mg, 130 mg.

We also refer to our letter dated February 6, 2018, notifying you, under Section 505(o)(4) of the FDCA, of new safety information that we believe should be included in the labeling for fenofibrate products. This information pertains to the risk of severe cutaneous adverse drug reactions, anaphylaxis and angioedema, and photosensitivity.

This sNDA provides for revisions to the labeling for Antara. The agreed upon changes to the language included in our February 6, 2018, letter are as follows (additions are noted by underline and deletion are noted by ~~striketrough~~).

Under Section 6.2 (ADVERSE REACTIONS, Postmarketing Experience):

Photosensitivity reactions have occurred days to months after initiation;— <sup>(b) (4)</sup> in some of these cases, patients <sup>(b) (4)</sup> reported a prior photosensitivity reaction to ketoprofen.

**APPROVAL & LABELING**

We have completed our review of this supplemental application. It is approved, effective on the date of this letter, for use as recommended in the enclosed, agreed-upon labeling text.

**CONTENT OF LABELING**

As soon as possible, but no later than 14 days from the date of this letter, submit the content of labeling [21 CFR 314.50(l)] in structured product labeling (SPL) format using the FDA automated drug registration and listing system (eLIST), as described at <http://www.fda.gov/ForIndustry/DataStandards/StructuredProductLabeling/default.htm>. Content

of labeling must be identical to the enclosed labeling (text for the package insert), with the addition of any labeling changes in pending “Changes Being Effectuated” (CBE) supplements, as well as annual reportable changes not included in the enclosed labeling.

Information on submitting SPL files using eList may be found in the guidance for industry titled “SPL Standard for Content of Labeling Technical Qs and As” at <http://www.fda.gov/downloads/DrugsGuidanceComplianceRegulatoryInformation/Guidances/UCM072392.pdf>.

The SPL will be accessible from publicly available labeling repositories.

Also within 14 days, amend all pending supplemental applications that include labeling changes for this NDA, including CBE supplements for which FDA has not yet issued an action letter, with the content of labeling [21 CFR 314.50(l)(1)(i)] in MS Word format, that includes the changes approved in this supplemental application, as well as annual reportable changes and annotate each change. To facilitate review of your submission, provide a highlighted or marked-up copy that shows all changes, as well as a clean Microsoft Word version. The marked-up copy should provide appropriate annotations, including supplement number(s) and annual report date(s).

### **REQUIRED PEDIATRIC ASSESSMENTS**

Under the Pediatric Research Equity Act (PREA) (21 U.S.C. 355c), all applications for new active ingredients (which includes new salts and new fixed combinations), new indications, new dosage forms, new dosing regimens, or new routes of administration are required to contain an assessment of the safety and effectiveness of the product for the claimed indication in pediatric patients unless this requirement is waived, deferred, or inapplicable.

Because none of these criteria apply to your application, you are exempt from this requirement.

### **PROMOTIONAL MATERIALS**

You may request advisory comments on proposed introductory advertising and promotional labeling. To do so, submit the following, in triplicate, (1) a cover letter requesting advisory comments, (2) the proposed materials in draft or mock-up form with annotated references, and (3) the package insert(s) to:

The revisions in your promotional materials should include prominent disclosure of the important new safety information that appears in the revised package labeling. Within 7 days of receipt of this letter, submit your statement of intent to comply with 21 CFR 314.70(a)(4) to the address above, by fax to 301-847-8444, or electronically in eCTD format.
