

NDA 22281/S-013

**SUPPLEMENT APPROVAL**

Bayer HealthCare LLC  
Attention: Joanna Fleming  
Associate Director, Regulatory Affairs  
100 Bayer Boulevard, PO Box 915  
Whippany, NJ 07981

Dear Ms. Fleming:

Please refer to your Supplemental New Drug Application (sNDA) dated and received July 24, 2018, and your amendments, submitted under section 505(b) of the Federal Food, Drug, and Cosmetic Act (FDCA) for Zegerid OTC (omeprazole 20 mg/sodium bicarbonate 1100 mg) capsule.

This “Changes Being Effected” supplemental new drug application provides for modification of the drug-drug interaction warning. Under the subheading, **Ask a doctor of pharmacist before use if you are**, the bulleted list of drugs has been removed and replaced with the following: “taking a prescription drug. Acid reducers may interact with certain prescription drugs.”

We have completed our review of this application, as amended. It is approved, effective on the date of this letter, for use as recommended in the agreed-upon labeling text.

**LABELING**

Submit final printed labeling, with the revisions listed above, as soon as they are available, but no more than 30 days after they are printed. The final printed labeling must be identical to the 14-count immediate container labels, 14-count carton labels, and 42-count carton (bottle) submitted September 26, 2018, and must be in the “Drug Facts” format (21 CFR 201.66), where applicable.

The final printed labeling should be submitted electronically according to the guidance for industry titled *Providing Regulatory Submissions in Electronic Format — Certain Human Pharmaceutical Product Applications and Related Submissions Using the eCTD Specifications (April 2017, Revision 4)*. For administrative purposes, designate this submission “**Final Printed Labeling for approved NDA 22281/S-013.**” Approval of this submission by FDA is not required before the labeling is used.

## **DRUG REGISTRATION AND LISTING**

All drug establishment registration and drug listing information is to be submitted to FDA electronically, via the FDA automated system for processing structured product labeling (SPL) files (eLIST). At the time that you submit your final printed labeling (FPL), the content of labeling (Drug Facts) should be submitted in SPL format as described at <http://www.fda.gov/ForIndustry/DataStandards/StructuredProductLabeling/default.htm>. Information on submitting SPL files using eLIST may be found in the guidance for industry titled "SPL Standard for Content of Labeling Technical Qs and As" at <http://www.fda.gov/downloads/Drugs/GuidanceComplianceRegulatoryInformation/Guidances/UCM072392.pdf>. In addition, representative container or carton labeling, whichever includes Drug Facts, (where differences exist only in the quantity of contents statement) should be submitted as a JPG file.

## **REPORTING REQUIREMENTS**

We remind you that you must comply with reporting requirements for an approved NDA (21 CFR 314.80 and 314.81).

If you have any questions, call CAPT Janice Adams-King, Safety Regulatory Project Manager, at 301-796-3713.

Sincerely,

*{See appended electronic signature page}*

Valerie Pratt, MD  
Deputy Director for Safety  
Division of Nonprescription Drug Products  
Office of Drug Evaluation IV  
Center for Drug Evaluation and Research

### ENCLOSURES:

Carton and Container Labeling
