

NDA 50693/S-031  
NDA 50730/S-041

**SUPPLEMENT APPROVAL**

Pfizer, Inc.  
Attention: Michele Burtness  
Senior Manager, Worldwide Safety and Regulatory  
235 East 42nd Street  
New York, NY 10017-5755

Dear Ms. Burtness:

Please refer to your Supplemental New Drug Applications (sNDAs) dated June 29, 2018, received June 29, 2018, and your amendments, submitted under section 505(b) of the Federal Food, Drug, and Cosmetic Act (FDCA) for the following:

50693/S-031 Zithromax (azithromycin) Single Dose Packet  
50730/S-041 Zithromax (azithromycin) 600 mg Tablet

These Prior Approval supplemental new drug applications have been submitted in response to the Pregnancy and Lactation Rule (PLLR) published in the Federal Register in December 2014, "Content and Format of Labeling Rule for Human Prescription Drug and Biological Products: Requirements for Pregnancy and Lactation Labeling," 79 FR 233, December 4, 2014, and 21 CFR 201.56(a and d) and 201.57 (c) (9) (I, ii, and iii) updating **Section 8 USE IN SPECIFIC POPULATIONS**, specifically **sub-sections 8.1 Pregnancy and 8.2 Lactation of the Prescribing information (PI)**. Minor editorial revisions were also made throughout the PI.

**APPROVAL & LABELING**

We have completed our review of these supplemental applications, as amended. They are approved, effective on the date of this letter, for use as recommended in the enclosed, agreed-upon labeling text.

**CONTENT OF LABELING**

As soon as possible, but no later than 14 days from the date of this letter, submit the content of labeling [21 CFR 314.50(l)] in structured product labeling (SPL) format using the FDA automated drug registration and listing system (eLIST), as described at <http://www.fda.gov/ForIndustry/DataStandards/StructuredProductLabeling/default.htm>. Content of labeling must be identical to the enclosed labeling for the package insert, with the addition of

any labeling changes in pending “Changes Being Effected” (CBE) supplements, as well as annual reportable changes not included in the enclosed labeling.

Information on submitting SPL files using eList may be found in the guidance for industry titled “SPL Standard for Content of Labeling Technical Qs and As” at

<http://www.fda.gov/downloads/DrugsGuidanceComplianceRegulatoryInformation/Guidances/UCM072392.pdf>.

The SPL will be accessible from publicly available labeling repositories.

Also within 14 days, amend all pending supplemental applications that include labeling changes for these NDAs, including CBE supplements for which FDA has not yet issued an action letter, with the content of labeling [21 CFR 314.50(l)(1)(i)] in Microsoft Word format, that includes the changes approved in these supplemental applications, as well as annual reportable changes. To facilitate review of your submission(s), provide a highlighted or marked-up copy that shows all changes, as well as a clean Microsoft Word version. The marked-up copy should provide appropriate annotations, including supplement number(s) and annual report date(s).

### **REPORTING REQUIREMENTS**

We remind you that you must comply with reporting requirements for approved NDAs (21 CFR 314.80 and 314.81).

If you have any questions, call Jacquelyn Rosenberger, PharmD, Regulatory Project Manager, at (301) 796-9179.

Sincerely,

*{See appended electronic signature page}*
