Genentech, Inc.  
Attention: Jason Puskas, B.Sc., CCPE  
Regulatory Program Management  
1 DNA Way  
South San Francisco, CA 94080

Dear Mr. Puskas:

Please refer to your supplemental biologics license application (sBLA), dated April 30, 2019, received April 30, 2019, and your amendments, submitted under section 351(a) of the Public Health Service Act for Avastin (bevacizumab) injection, for intravenous use.

This Prior Approval supplemental (PAS) biologics application was submitted in response to the February 20, 2019, PAS Request letter. As approved, this PAS supplement provides for the removal of the Boxed Warning; incorporates changes in the package insert to comply with the Physician Labeling Rule; and incorporates editorial changes for consistency with labeling guidance recommendations and best labeling practices and policies.

Editorial changes were made to the container labels and carton labeling. Carton labeling were also revised to update the ingredient list to be consistent with the package insert and applicable regulations.

### **WAIVER OF HIGHLIGHTS ½ PAGE LENGTH REQUIREMENT FOR HIGHLIGHTS**

Please note that we have previously granted a waiver of the requirements of 21 CFR 201.57(d)(8) regarding the length of Highlights of Prescribing Information.

### **CONTENT OF LABELING**

As soon as possible, but no later than 14 days from the date of this letter, submit, via the FDA automated drug registration and listing system (eLIST), the content of labeling

Information on submitting SPL files using eLIST may be found in the guidance for industry *SPL Standard for Content of Labeling Technical Qs and As*.<sup>2</sup>

The SPL will be accessible via publicly available labeling repositories.

Also within 14 days, amend all pending supplemental applications that include labeling changes for this BLA, including pending “Changes Being Effectuated” (CBE) supplements, for which FDA has not yet issued an action letter, with the content of labeling [21 CFR 601.12(f)] in Microsoft Word format that includes the changes approved in this supplemental application, as well as annual reportable changes.
