Dear Ms. Shangle:

Please refer to your supplemental new drug application (sNDA) dated October 15, 2019, received October 15, 2019, and your amendments, submitted under section 505(b) of the Federal Food, Drug, and Cosmetic Act (FDCA) for ORBACTIV (oritavancin) for injection.

This Prior Approval supplemental new drug application provides for changes to the prescribing information (PI) to comply with the Pregnancy and Lactation Labeling Rule (PLLR). In addition, edits to characterize the infusion related reactions and anaphylaxis were included in the appropriate sections of the Warnings and Precautions: Hypersensitivity subsection (5.2) and Infusion Related Reactions subsection (5.3) of the PI. The salt equivalency statement was also revised in the Description section (11) of the PI. Minor editorial revisions were made throughout the PI. The carton and container labeling was revised to reflect the changes made to the PI.
