Dear Ms. Frost:

Please refer to your new drug application (sNDA) dated and received March 2, 2020, submitted under section 505(b) of the Federal Food, Drug, and Cosmetic Act (FDCA), for rimegepant orally disintegrating tablets.

This “Changes Being Effected” supplemental new drug application provides for correction of the manufacturer’s phone number used for reporting suspected adverse reactions, which is included in the Highlights of the Prescribing Information.

APPROVAL & LABELING

We have completed our review of this application. It is approved, effective on the date of this letter, for use as recommended in the enclosed agreed-upon labeling.

CONTENT OF LABELING

As soon as possible, but no later than 14 days from the date of this letter, submit the content of labeling [21 CFR 314.50(l)] in structured product labeling (SPL) format using the FDA automated drug registration and listing system (eLIST), as described at FDA.gov.¹ Content of labeling must be identical to the enclosed labeling (text for the Prescribing Information and Patient Package Insert) with the addition of any labeling changes in pending “Changes Being Effected” (CBE) supplements, as well as annual reportable changes not included in the enclosed labeling.

Information on submitting SPL files using eList may be found in the guidance for industry *SPL Standard for Content of Labeling Technical Qs and As*.²

The SPL will be accessible from publicly available labeling repositories.
