Dear Ms. Douglas:

Please refer to your supplemental biologics license application (sBLA), dated and received February 28, 2020, and your amendments, submitted under section 351(a) of the Public Health Service Act for Aimovig (erenumab-aooe) injection.

We also refer to our letter dated January 31, 2020, notifying you, under Section 505(o)(4) of the FDCA, of new safety information that we believe should be included in the labeling for Aimovig. This information pertains to the risk of hypertension or worsening of pre-existing hypertension associated with the use of Aimovig for the preventive treatment of migraine.

This supplemental biologics license application provides for revisions to the labeling for Aimovig, consistent with our January 31, 2020, Safety Labeling Change Notification letter.

To facilitate review of your submission(s), provide a highlighted or marked-up copy that shows all changes, as well as a clean Microsoft Word version. The marked-up copy should provide appropriate annotations, including supplement number(s) and annual report date(s).
