

NDA 007337/S-053

## **SUPPLEMENT APPROVAL**

Endo Pharmaceuticals Inc.  
1400 Atwater Drive  
Malvern, PA 19355

Attention: Erin Abdallah, MS  
Director, Regulatory Affairs Liaison

Dear Ms. Abdallah:

Please refer to your supplemental new drug application (sNDA) dated and received August 19, 2020, and your amendment, dated and received November 12, 2020, submitted under section 505(b) of the Federal Food, Drug, and Cosmetic Act (FDCA) for Percodan (aspirin and oxycodone tablets).

We also refer to our letter dated July 23, 2020, notifying you, under Section 505(o)(4) of the FDCA, of new safety information that we believe should be included in the labeling for opioid analgesic products used in the outpatient setting and products approved for medication-based treatment of opioid use disorder. This information pertains to the risk of fatal overdose to patients and their close contacts who may be at elevated risk of opioid overdose, and that increasing access to FDA-approved naloxone for some patients at elevated risk may help reduce the risk of fatal opioid overdose.

Additionally, we refer to our letter dated October 15, 2020, notifying you, under Section 505(o)(4) of the FDCA, of new safety information that we believe should be included in the labeling for nonsteroidal anti-inflammatory drug (NSAID) products. This information pertains to the serious risks of fetal renal dysfunction, oligohydramnios, neonatal renal impairment, and Drug Reaction with Eosinophilia and Systemic Symptoms (DRESS).

This supplemental new drug application, as amended, provides for revisions to the labeling for Percodan consistent with our July 23, 2020, and October 15, 2020, letters.
