Attention: Lisa Malandro, MBA
Vice President, Global Regulatory Affairs Liaison

Dear Ms. Malandro:

Please refer to your supplemental new drug application (sNDA) dated and received July 22, 2021, and your amendments, submitted under section 351(a) of the Public Health Service Act for Xiaflex (collagenase clostridium histolyticum) for injection.

We also refer to our letter dated June 24, 2021, notifying you, under Section 505(o)(4) of the FDCA, of new safety information that we believe should be included in the labeling for Xiaflex. This information pertains to the risk of skin and soft-tissue necrosis associated with the use of Xiaflex.

This supplemental biologics license application provides for revisions to the labeling for Xiaflex, consistent with our June 24, 2021, safety labeling changes (SLC) letter.
