

NDA 200535/S-019

SUPPLEMENT APPROVAL

Genus LifeSciences, Inc.
514 North 12th Street
Allentown, PA 18102

Attention: William Reightler
Vice President of Regulatory Affairs

Dear Mr. Reightler:

Please refer to your supplemental new drug application (sNDA) dated and received August 21, 2020, submitted under section 505(b) of the Federal Food, Drug, and Cosmetic Act (FDCA) for oxycodone hydrochloride oral solution.

We also refer to our letter dated July 23, 2020, notifying you, under Section 505(o)(4) of the FDCA, of new safety information that we believe should be included in the labeling for opioid analgesic products used in the outpatient setting and products approved for medication-based treatment of opioid use disorder. This information pertains to the risk of fatal overdose to patients and their close contacts who may be at elevated risk of opioid overdose, and that increasing access to FDA-approved naloxone for some patients at elevated risk may help reduce the risk of fatal opioid overdose.

This sNDA provides for revisions to the labeling for oxycodone hydrochloride oral solution, consistent with our July 23, 2020, letter.

We have completed our review of this application. It is approved, effective on the date of this letter, for use as recommended in the enclosed agreed-upon labeling, which contains minor editorial revisions.
