

NDA 209115/S-009

SUPPLEMENT APPROVAL

Clovis Oncology, Inc.
Attention: Amanda Cannon
Director, Regulatory Affairs
5500 Flatiron Parkway, Suite 100
Boulder, CO 80301

Dear Ms. Cannon:

Please refer to your supplemental new drug application (sNDA) dated March 31, 2021, received March 31, 2021, and your amendment, submitted under section 505(b) of the Federal Food, Drug, and Cosmetic Act (FDCA) for Rubraca (rucaparib) tablets.

This Prior Approval sNDA provides for revisions to Section 7 Drug Interactions subsection 7.1 Effect of Rubraca on other drugs, Section 8 Use in Specific Populations subsections 8.6 Renal Impairment and 8.7 Hepatic Impairment, and Section 12 Clinical Pharmacology of the Full Prescribing Information (FPI). In addition, Section 10 Overdosage and subsection numbers from Section 16 were removed and corresponding changes were made to the Highlights of Prescribing Information. In addition, minor editorial revisions were made throughout the FPI.

APPROVAL & LABELING

We have completed our review of this application, as amended. It is approved, effective on the date of this letter, for use as recommended in the enclosed agreed-upon labeling.

CONTENT OF LABELING

As soon as possible, but no later than 14 days from the date of this letter, submit the content of labeling [21 CFR 314.50(l)] in structured product labeling (SPL) format using the FDA automated drug registration and listing system (eLIST), as described at FDA.gov.¹ Content of labeling must be identical to the enclosed labeling (text for the Prescribing Information and Patient Package Insert), with the addition of any labeling changes in pending "Changes Being Effected" (CBE) supplements, as well as annual reportable changes not included in the enclosed labeling.

¹ <http://www.fda.gov/ForIndustry/DataStandards/StructuredProductLabeling/default.htm>

Information on submitting SPL files using eList may be found in the guidance for industry *SPL Standard for Content of Labeling Technical Qs and As*.²

The SPL will be accessible from publicly available labeling repositories.

Also within 14 days, amend all pending supplemental applications that include labeling changes for this NDA, including CBE supplements for which FDA has not yet issued an action letter, with the content of labeling [21 CFR 314.50(l)(1)(i)] in Microsoft Word format, that includes the changes approved in this supplemental application, as well as annual reportable changes. To facilitate review of your submission(s), provide a highlighted or marked-up copy that shows all changes, as well as a clean Microsoft Word version. The marked-up copy should provide appropriate annotations, including supplement number(s) and annual report date(s).

REQUIRED PEDIATRIC ASSESSMENTS

Under the Pediatric Research Equity Act (PREA) (21 U.S.C. 355c), all applications for new active ingredients (which includes new salts and new fixed combinations), new indications, new dosage forms, new dosing regimens, or new routes of administration are required to contain an assessment of the safety and effectiveness of the product for the claimed indication in pediatric patients unless this requirement is waived, deferred, or inapplicable.

Because none of these criteria apply to your application, you are exempt from this requirement.

REPORTING REQUIREMENTS

We remind you that you must comply with reporting requirements for an approved NDA (21 CFR 314.80 and 314.81).

If you have any questions, contact Christy Cottrell, Chief, Project Management Staff, at (301) 796-4256 or Christy.cottrell@fda.hhs.gov.

Sincerely,
