Please refer to your supplemental new drug application (sNDA) dated and received December 29, 2021, and your amendments, submitted under section 505(b) of the Federal Food, Drug, and Cosmetic Act (FDCA) for Apokyn (apomorphine hydrochloride) injection.

This Prior Approval sNDA provides for changes to the Apokyn labeling regarding recommendations to help minimize nausea and vomiting, including the use of concomitant trimethobenzamide, the Apokyn starting dose, and titration, in the Dosage and Administration and Patient Counseling Information sections of the Prescribing Information. Subsequent revisions were included in the Patient Package Insert.
