

NDA 018891/S-032

CORRECTED SUPPLEMENT APPROVAL

Lavipharm S.A. c/o Lachman Consultant Services Inc. Attention: Jennifer Leaming 1600 Stewart Avenue Westbury, NY 11590

Dear Ms. Leaming:

Please refer to your Supplemental New Drug Application (sNDA) dated and received September 16, 2021, and your amendments, submitted under section 505(b) of the Federal Food, Drug, and Cosmetic Act (FDCA) for Catapres-TTS (-1 or -2 or -3) (clonidine transdermal system), 2.5 mg, 5.0 mg, and 7.5 mg.

We also refer to our approval letter dated February 1, 2023, which contained the following error: missing enclosed labeling.

This corrected action letter incorporates the correction of the error. The effective action date will remain February 1, 2023, the date of the original letter.

This "Changes Being Effected" supplemental new drug application provides for:

Updated established name and dosage form in the labeling and labels in response to FDA's CBE-0 Supplement Request dated 7/21/2021. The established name, as revised is now *Catapres-TTS* (-1 or -2 or -3) (clonidine transdermal system).

APPROVAL & LABELING

We have completed our review of this supplemental application, as amended. It is approved, effective on the date of this letter, for use as recommended in the enclosed agreed-upon labeling.

CONTENT OF LABELING

As soon as possible, but no later than 14 days from the date of this letter, submit the content of labeling [21 CFR 314.50(I)] in structured product labeling (SPL) format using the FDA automated drug registration and listing system (eLIST), as described at http://www.fda.gov/ForIndustry/DataStandards/StructuredProductLabeling/default.htm. Content of labeling must be identical to the enclosed labeling (text for the prescribing information, and instructions for use) with the addition of any labeling changes in pending "Changes Being Effected" (CBE) supplements, as well as annual reportable changes not included in the enclosed labeling.

Information on submitting SPL files using eLIST may be found in the guidance for industry titled SPL Standard for Content of Labeling Technical Qs and As at http://www.fda.gov/downloads/DrugsGuidanceComplianceRegulatoryInformation/GuidanceS/UCM072392.pdf.

The SPL will be accessible via publicly available labeling repositories.

Also within 14 days, amend all pending supplemental applications that include labeling changes for this NDA, including CBE supplements for which FDA has not yet issued an action letter, with the content of labeling [21 CFR 314.50(I)(1)(i)] in MS Word format, that includes the changes approved in this supplemental application, as well as annual reportable changes, and annotate each change. To facilitate review of your submission, provide a highlighted or marked-up copy that shows all changes, as well as a clean Microsoft Word version. The marked-up copy should provide appropriate annotations, including supplement number(s) and annual report date(s).

CARTON AND CONTAINER LABELS

Submit final printed carton and container labels that are identical to enclosed carton and container labels, as soon as they are available, but no more than 30 days after they are printed. Please submit these labels electronically according to the guidance for industry *Providing Regulatory Submissions in Electronic Format – Certain Human Pharmaceutical Product Applications and Related Submissions Using the eCTD Specifications*. For administrative purposes, designate this submission "**Product Correspondence – Final Printed Carton and Container Labels for approved NDA 018891/S-032.**" Approval of this submission by FDA is not required before the labeling is used.

REPORTING REQUIREMENTS

We remind you that you must comply with reporting requirements for an approved NDA (21 CFR 314.80 and 314.81).

If you have any questions, contact Elizabeth Markovich, Regulatory Business Process Manager, at Elizabeth.Markovich@fda.hhs.gov or (301) 796 - 5071.

Sincerely,

{See appended electronic signature page}
