Dear Dr. Mostafa:

Please refer to your supplemental new drug application (sNDA) dated and received February 22, 2023, submitted under section 505(b) of the Federal Food, Drug, and Cosmetic Act (FDCA) for Verquvo (vericiguat) tablets.

This “Changes Being Effected” sNDA provides for updates to the approved US Package Insert and Medication Guide to include a link to the Pregnancy Surveillance Program (PSUP) webpage and PSUP contact information. The updates were made to the Use in Specific Populations (8.1) and Patient Counseling (17) sections of the approved package insert and the What is the most important information I should know about Verquvo? section of the Medication Guide.

APPROVAL & LABELING

We have completed our review of this application. It is approved, effective on the date of this letter, for use as recommended in the enclosed agreed-upon labeling.

As soon as possible, but no later than 14 days from the date of this letter, submit the content of labeling [21 CFR 314.50(l)] in structured product labeling (SPL) format using the FDA automated drug registration and listing system (eLIST), as described at FDA.gov.¹ Content of labeling must be identical to the enclosed labeling (text for the Prescribing Information, Patient Package Insert, Instructions for Use, and Medication Guide), with the addition of any labeling changes in pending “Changes Being Effected” (CBE) supplements, as well as annual reportable changes not included in the enclosed labeling. If the content of labeling in SPL format initially submitted with this CBE-0 labeling supplement is identical to the attached approved labeling, an additional submission of content of labeling in SPL format is not required.
