BLA 761275

Fresenius Kabi USA, LLC
Three Corporate Drive
Lake Zurich, IL 60047

Attention: Navayath Shobana, PhD
Senior Director, Global Regulatory Affairs

Dear Dr. Shobana:

Please refer to your biologics license application (BLA) dated May 30, 2022, received May 31, 2022, and your amendments, submitted under section 351(k) of the Public Health Service Act for Tyenne (tocilizumab-aazg) injection 162 mg/0.9 mL for subcutaneous use, and 80 mg/4 mL, 200 mg/10 mL, and 400 mg/20 mL for intravenous use.

This BLA proposes Tyenne (tocilizumab-aazg) injection, 162 mg/0.9 mL in a single-dose prefilled syringe and single-dose prefilled autoinjector for subcutaneous use, and 80 mg/4 mL, 200 mg/10 mL, and 400 mg/20 mL single-dose vials for intravenous use as biosimilar to Actemra (tocilizumab) injection, 162 mg/0.9 mL in a single-dose prefilled syringe and single-dose prefilled autoinjector for subcutaneous use, and 80 mg/4 mL, 200 mg/10 mL, and 400 mg/20 mL single-dose vials for intravenous use.

BLA 761275 provides for the use of Tyenne (tocilizumab-aazg) in treatment of:
- Rheumatoid Arthritis (RA)
- Giant Cell Arteritis (GCA)
- Polyarticular Juvenile Idiopathic Arthritis (PJIA) in patients ≥ 2 years of age
- Systemic Juvenile Idiopathic Arthritis (SJIA) in patients ≥ 2 years of age

We acknowledge receipt of your resubmission dated September 5, 2023, which constituted a complete response to our May 31, 2023, action letter.

LICENSING

We have approved your BLA for Tyenne (tocilizumab-aazg) effective this date. You are hereby authorized to introduce or deliver for introduction into interstate commerce, Tyenne under your existing Department of Health and Human Services U.S. License No. 2146.

Reference ID: 5340942
MANUFACTURING LOCATIONS

Under this license, you are approved to manufacture tocilizumab-aazq drug substance. The final formulated drug product in single-dose prefilled syringe and single-dose prefilled autoinjector will be manufactured and filled at Fresenius Kabi Austria GmbH, Werndorf, Austria. The final device assembly, labeling and secondary packaging will be performed at Fresenius Kabi Austria GmbH, Werndorf, Austria. The final formulated drug product in single-dose vial will be manufactured and filled at Fresenius Kabi Austria GmbH, Graz, Austria. The final labeling and secondary packaging will be performed at Fresenius Kabi Austria GmbH, Werndorf, Austria. You may label your product with the proprietary name, Tyenne, and market it in 162 mg/0.9 mL single-dose prefilled syringe and single-dose prefilled autoinjector, injection, and in 80 mg/4 mL, 200 mg/10 mL, and 400 mg/20 mL single-dose vials, injection.

DATING PERIOD

The dating period for Tyenne single-dose prefilled syringe and autoinjector shall be 36 months from the date of manufacture when stored at 5 ± 3 °C. The dating period for Tyenne single-dose vial shall be 24 months from the date of manufacture when stored at 5 ± 3 °C. The date of manufacture shall be defined as the date of final sterile filtration of the formulated drug product. The dating period for your drug substance shall be months from the date of manufacture when stored .

We have approved the stability protocols in your license application for the purpose of extending the expiration dating of your drug substance and drug product under 21 CFR 601.12.

FDA LOT RELEASE

You are not currently required to submit samples of future lots of Tyenne to the Center for Drug Evaluation and Research (CDER) for release by the Director, CDER, under 21 CFR 610.2. We will continue to monitor compliance with 21 CFR 610.1, requiring completion of tests for conformity with standards applicable to each product prior to release of each lot.

Any changes in the manufacturing, testing, packaging, or labeling of Tyenne, or in the manufacturing facilities, will require the submission of information to your BLA for our review and written approval, consistent with 21 CFR 601.12.

APPROVAL & LABELING

We have completed our review of this application, as amended. It is approved, effective on the date of this letter, for use as recommended in the enclosed agreed-upon labeling.

U.S. Food and Drug Administration
Silver Spring, MD 20993
www.fda.gov
**WAIVER OF ½ PAGE LENGTH REQUIREMENT FOR HIGHLIGHTS**

We are waiving the requirements of 21 CFR 201.57(d)(8) regarding the length of Highlights of Prescribing Information. This waiver applies to all future supplements containing revised labeling unless we notify you otherwise.

**CONTENT OF LABELING**

As soon as possible, but no later than 14 days from the date of this letter, submit, via the FDA automated drug registration and listing system (eLIST), the content of labeling [21 CFR 601.14(b)] in structured product labeling (SPL) format. The content of labeling must be identical to the enclosed labeling (text for the Prescribing Information, Instructions for Use, and Medication Guide). Information on submitting SPL files using eLIST may be found in the guidance for industry *SPL Standard for Content of Labeling Technical Qs and As (October 2009).*

The SPL will be accessible via publicly available labeling repositories.

**CARTON AND CONTAINER LABELING**

Submit final printed carton and container labeling that are identical to the enclosed carton and container labeling as soon as they are available, but no more than 30 days after they are printed. Please submit these labeling electronically according to the Guidance for Industry, *SPL Standard for Content of Labeling Technical Qs & As.* For administrative purposes, designate this submission “Final Printed Carton and Container Labeling for approved BLA 761275.” Approval of this submission by FDA is not required before the labeling is used.

**REQUIRED PEDIATRIC ASSESSMENTS**

Under the Pediatric Research Equity Act (PREA) (21 U.S.C. 355c), all applications for new active ingredients (which includes new salts and new fixed combinations), new indications, new dosage forms, new dosing regimens, or new routes of administration are required to contain an assessment of the safety and effectiveness of the product for the claimed indication(s) in pediatric patients unless this requirement is waived, deferred, or inapplicable.

At this time, we have determined that no pediatric studies will be required under PREA for your BLA.

POSTMARKETING COMMITMENTS NOT SUBJECT TO THE REPORTING REQUIREMENTS UNDER SECTION 506B

We remind you of your postmarketing commitments:

4604-1 Re-evaluate the drug substance and drug product lot release and stability acceptance criteria after release data from 30 drug substance lots and corresponding drug product lots are available, and with consideration of available stability data. The final report should include the corresponding data, the analysis thereof, and any proposed changes to the drug substance and drug product release or stability specifications resulting from the assessment.

The timetable you submitted on February 7, 2024 states that you will conduct this study according to the following schedule:

Final Report Submission: 01/2027

4604-2 Re-evaluate lot release and stability acceptance criteria for the device performance attributes of the prefilled syringe device (PFS) and autoinjector device (PFS-AI) after release data from 30 PFS and PFS-AI lots are available, and with consideration of available stability data. The final report should include the corresponding data, the analysis thereof, and any proposed changes to the drug product release or stability specifications resulting from the assessment.

The timetable you submitted on February 7, 2024 states that you will conduct this study according to the following schedule:

Final Report Submission for Prefilled Syringe: 09/2026
Final Report Submission for Autoinjector: 03/2026

Submit clinical protocols to your IND 129965 for this product. Submit nonclinical and chemistry, manufacturing, and controls protocols and all postmarketing final reports to this BLA. In addition, under 21 CFR 601.70 you should include a status summary of each commitment in your annual progress report of postmarketing studies to this BLA. The status summary should include expected summary completion and final report submission dates, any changes in plans since the last annual report, and, for clinical studies/trials, number of patients entered into each study/trial. All submissions, including supplements, relating to these postmarketing commitments should be prominently labeled “Postmarketing Commitment Protocol,” “Postmarketing Commitment Final Report,” or “Postmarketing Commitment Correspondence.”
PROMOTIONAL MATERIALS

You may request advisory comments on proposed introductory advertising and promotional labeling. For information about submitting promotional materials, see the final Guidance for Industry, *Providing Regulatory Submissions in Electronic and Non-Electronic Format-Promotional Labeling and Advertising Materials for Human Prescription Drugs.*

You must submit final promotional materials and Prescribing Information, accompanied by a Form FDA 2253, at the time of initial dissemination or publication [21 CFR 314.81(b)(3)(i)]. Form FDA 2253 is available at FDA.gov. Information and Instructions for completing the form can be found at FDA.gov.

REPORTING REQUIREMENTS

You must submit adverse experience reports under the adverse experience reporting requirements at 21 CFR 600.80.

Prominently identify all adverse experience reports as described in 21 CFR 600.80.

You must submit distribution reports under the distribution reporting requirements at 21 CFR 600.81.

You must submit reports of biological product deviations under 21 CFR 600.14. You should promptly identify and investigate all manufacturing deviations, including those associated with processing, testing, packing, labeling, storage, holding and distribution. If the deviation involves a distributed product, may affect the safety, purity, or potency of the product, and meets the other criteria in the regulation, you must submit a report on Form FDA 3486 to:

Food and Drug Administration
Center for Drug Evaluation and Research
Division of Compliance Risk Management and Surveillance
5901-B Ammendale Road
Beltsville, MD 20705-1266

Biological product deviations, sent by courier or overnight mail, should be addressed to:

Food and Drug Administration  
Center for Drug Evaluation and Research  
Division of Compliance Risk Management and Surveillance  
10903 New Hampshire Avenue, Bldg. 51, Room 4207  
Silver Spring, MD 20903

Your product is a Part 3 combination product (21 CFR 3.2(e)); therefore, you must also comply with postmarketing safety reporting requirements for an approved combination product (21 CFR 4, Subpart B). Additional information on combination product postmarketing safety reporting is available at FDA.gov.

If you have any questions, call Sadaf Nabavian, Sr. Regulatory Project Manager, at 301-796-2777.

Sincerely,
