Dear Maro Ghebryal:

Please refer to your supplemental new drug application (sNDA) dated and received September 8, 2025, submitted under section 505(b) of the Federal Food, Drug, and Cosmetic Act (FDCA) for Pepcid AC (famotidine) tablet, 20 mg.

This "Prior Approval" supplement (PAS) was submitted in response to our PAS request correspondence dated August 1, 2025, requesting draft labeling for the 100 (50+50) count Maximum Strength panel packaging.

APPROVAL & LABELING

We have completed our review of this application, as amended. It is approved, effective on the date of this letter, for use as recommended in the enclosed agreed-upon labeling.

LABELING

Submit final printed labeling (FPL), as soon as they are available, but no more than 30 days after they are printed. The FPL must be in the "Drug Facts" format (21 CFR 201.66), where applicable, and identical to the following:

Submitted Labeling	Date Submitted
100 (50+50) count Maximum Strength (20 mg) panel (bottle)	November 7, 2025

The FPL should be submitted electronically according to the guidance for industry *Providing Regulatory Submissions in Electronic Format — Certain Human Pharmaceutical Product Applications and Related Submissions Using the eCTD Specifications*.¹ For administrative purposes, designate this submission “**Final Printed Labeling for approved NDA 020325/S-045.**” Approval of this submission by FDA is not required before the labeling is used.

Furthermore, we remind you that the labeling submitted with annual reportable changes in an annual report are not considered approved labeling by the Agency.

DRUG REGISTRATION AND LISTING

All drug establishment registration and drug listing information is to be submitted to FDA electronically, via the FDA automated system for processing structured product labeling (SPL) files (eLIST). At the time that you submit your final printed labeling (FPL), the content of labeling (Drug Facts) should be submitted in SPL format as described at FDA.gov.² Information on submitting SPL files using eLIST may be found in the guidance for industry *SPL Standard for Content of Labeling Technical Qs and As*. In addition, representative container or carton labeling, whichever includes Drug Facts, (where differences exist only in the quantity of contents statement) should be submitted as a JPG file.

REPORTING REQUIREMENTS

We remind you that you must comply with reporting requirements for an approved NDA (21 CFR 314.80 and 314.81).

¹ We update guidances periodically. For the most recent version of a guidance, check the FDA Guidance Documents Database <https://www.fda.gov/RegulatoryInformation/Guidances/default.htm>.
