Vertex Pharmaceuticals Incorporated
Attention: Ryan McGlynn, Ph.D.
Manager, Regulatory Affairs
50 Northern Avenue
Boston, MA 02210

Dear Dr. McGlynn:

Please refer to your supplemental new drug application (sNDA) dated April 18, 2025, received on April 18, 2025, and your amendments, submitted under section 505(b) of the Federal Food, Drug, and Cosmetic Act (FDCA) for for Trikafta (elexacaftor/tezacaftor/ivacaftor; ivacaftor) tablets and granules.

We also refer to our approval letter dated March 27, 2026, which inadvertently omitted the carton and container wallets for Trikafta granules.

This corrected action letter incorporates the correction of the error. The effective action date will remain March 27, 2026, the date of the original letter.

We acknowledge receipt of your major amendment dated September 2, 2025, which extended the goal date by three months.

This Prior Approval supplemental new drug application provides for an expansion of the indication of Trikafta (ELX/TEZ/IVA) tablets and granules for the treatment of cystic fibrosis (CF) in adult and pediatric patients aged 2 years and older who have a clinical diagnosis of CF and who have at least one variant in the cystic fibrosis transmembrane conductance regulator (CFTR) gene that is either responsive based on clinical and/or in vitro data or results in production of CFTR protein. This indication expansion is based on 265 ultra-rare CFTR variants included in Section 12 of the Prescribing Information.
