Directions
- Do not crush, chew, or break tablet.
- Take with a full glass of water.
- This product can be administered without regard for the timing of meals.

Adults and children 12 years of age and over: one or two tablets every 12 hours. Do not exceed 4 tablets in 24 hours.

Children under 12 years of age: do not use.
Drug Facts

Active ingredient (in each extended-release tablet): Purpose
Guaifenesin 600 mg: Expectorant

Uses: Helps loosen phlegm (mucus) and thin bronchial secretions to rid the bronchial passageways of bothersome mucus and make coughs more productive.

Warnings:
- Do not use for children under 12 years of age.
- Ask a doctor before use if you have a persistent or chronic cough such as occurs with smoking, asthma, chronic bronchitis, or emphysema or cough accompanied by too much phlegm (mucus).

Stop use and ask a doctor if:
- Cough lasts more than 7 days, comes back, or occurs with fever, rash, or persistent headache. These could be signs of a serious illness.
- If pregnant or breast-feeding, ask a health professional before use.

Other information:
- Tamper evident: do not use if neckband is broken.
- Store between 20-25°C (68-77°F).
- See bottom of bottle for lot code and expiration date.

Inactive ingredients: Carbomer 934P, NF; Dyes; Hydroxypropyl methylcellulose, USP; Magnesium stearate, NF; Microcrystalline cellulose, NF; Sodium starch glycolate, NF.

Directions:
- Do not crush, chew, or break tablet.
- Take with a full glass of water.
- The product can be administered without regard for the timing of meals.
- Adults and children 12 years of age and over: one or two tablets every 12 hours. Do not exceed 4 tablets in 24 hours.
- Children under 12 years of age: do not use.

Keep out of reach of children. In case of overdose, get medical help or contact a Poison Control Center right away.
