Precautions:

1. Do not use if you are allergic to esomeprazole.
2. Do not exceed the recommended dosage.
3. Do not use if you are taking certain medications or if you have certain medical conditions.
4. Do not use for more than 14 days in a row or more than 3 courses of treatment every 4 months.
5. Do not use if you have a history of ulcers.
6. Do not use if you are pregnant or breast-feeding.
7. Do not use if you have a history of liver problems.
8. Do not use if you have a history of bleeding ulcers.
9. Do not use if you have a history of kidney problems.
10. Do not use if you have a history of stomach ulcers.

When to Ask Your Doctor:

1. If your heartburn continues or worsens.
2. If you experience any unusual symptoms or side effects.
3. If you have any concerns about your health or medication.
4. If you are unsure about the correct dosage.
5. If you have any questions or concerns about Prilosec® OTC.

Tips for Managing Heartburn:

1. Do not lie flat or bend over soon after eating.
2. Do not eat late or just before bedtime.
3. Do not eat rich, spicy, fatty, or fried foods, chocolate, caffeine, alcohol, and certain medications.
4. Do not eat late or just before bedtime.
5. Do not eat large meals.
6. Do not take more than 1 tablet a day.
7. Take every day for 14 days.

Prilosec® OTC is available in 14 tablets and 42 tablet sizes. These sizes contain two, three, or five 14-day courses of treatment, respectively. Do not use for more than 14 days in a row unless directed by your doctor. For the 28 count (two 14-day courses) and the 42 count (three 14-day courses), you may repeat a 14-day course every 4 months.

For Questions or Comments About Prilosec® OTC, call 1-800-258-7025.
