

Advil[®] PM
LIQUI-GELS[®]

Solubilized Ibuprofen, 200 mg/Diphenhydramine HCl, 25 mg
Pain Reliever (NSAID)/Nighttime Sleep-Aid

40 Liquid Filled Capsules **Liquid Filled Capsules**

READ AND KEEP CARTON FOR COMPLETE WARNINGS AND INFORMATION

Do Not Use if seal under bottle cap imprinted with "SEALED for YOUR PROTECTION" is broken or missing.

Uses

- for relief of occasional sleeplessness when associated with minor aches and pains
- helps you fall asleep and stay asleep

Warnings

- Ask your doctor before use if you are pregnant, under a doctor's care for any continuing medical illness, age 60 or over, taking any other drug or have stomach problems.
- This product may cause a severe allergic reaction, especially in people allergic to aspirin. Symptoms may include: hives, facial swelling, asthma (wheezing), shock, skin reddening, rash, blisters. If an allergic reaction occurs, stop use and seek medical help right away.
- Do not use this product if you have ever had an allergic reaction to any pain reliever/fever reducer, unless you have time for a full night's sleep; in children under 12 years or with any other product containing diphenhydramine.

Stomach bleeding warning: This product contains a nonsteroidal anti-inflammatory drug (NSAID), which may cause severe stomach bleeding. The chance is higher if you

- are age 60 or older
- have had stomach ulcers or bleeding problems
- take a blood thinning (anticoagulant) or steroid drug
- take other drugs containing prescription or nonprescription NSAIDs (aspirin, ibuprofen, naproxen, or others)
- have 3 or more alcoholic drinks every day while using this product
- take more or for a longer time than directed.

■ When using this product drowsiness will occur. Do not drive a motor vehicle or operate machinery. Avoid alcoholic drinks. ■ The risk of heart attack or stroke may increase if you use more than directed or for longer than directed.

Directions

- do not take more than directed
- adults and children 12 years and over: take 2 capsules at bedtime
- do not take more than 2 capsules in 24 hours

Each capsule contains: potassium 20 mg
Store at 20-25°C (68-77°F). Avoid excessive heat above 40°C (104°F). Protect from light.

Advil[®] PM
LIQUI-GELS[®]
 Solubilized Ibuprofen, 200 mg/Diphenhydramine HCl, 25 mg
 Pain Reliever (NSAID)/Nighttime Sleep-Aid

40 Liqui-Gels[®]*
 *Liquid Filled Capsules

Drug Facts (continued)

Do not use

- if you have ever had an allergic reaction to any other pain reliever/fever reducer
- unless you have time for a full night's sleep
- in children under 12 years of age
- right before or after heart surgery
- with any other product containing diphenhydramine, even one used on skin
- if you have sleeplessness without pain

Ask a doctor before use if

- stomach bleeding warning applies to you
- you have problems or serious side effects from taking pain relievers or fever reducers
- you have a history of stomach problems, such as heartburn
- you have high blood pressure, heart disease, liver cirrhosis, kidney disease, or asthma
- you are taking a diuretic
- you have a breathing problem such as emphysema or chronic bronchitis
- you have glaucoma
- you have trouble urinating due to an enlarged prostate gland

Ask a doctor or pharmacist before use if you are

- taking sedatives or tranquilizers, or any other sleep-aid under a doctor's care for any continuing medical illness
- taking any other antihistamines
- taking aspirin or heart attack or stroke, because ibuprofen may decrease this benefit of aspirin
- taking any other drug

When using this product

- avoid alcoholic drinks
- do not drive a motor vehicle or operate machinery
- take with food or milk. If stomach upset occurs, the risk of heart attack or stroke may increase if you use more than directed or for longer than directed

Drug Facts (continued)

Stop use and ask a doctor if

- you experience any of the following signs of stomach bleeding:
- heartburn
- vomit blood
- have bloody or black stools
- have stomach pain that does not get better
- pain gets worse or lasts more than 10 days
- sleeplessness persists continuously for more than 2 weeks. Insomnia may be a symptom of a serious underlying medical illness.
- redness or swelling is present in the painful area
- any new symptoms appear

If pregnant or breast-feeding, ask a health professional before use. It is especially important not to use ibuprofen during the last 3 months of pregnancy unless definitely directed to do so by a doctor because it may cause problems in the unborn child or complications during delivery.

Keep out of reach of children. In case of overdose, get medical help or contact a Poison Control Center right away.

Directions

- do not take more than directed
- adults and children 12 years and over: take 2 capsules at bedtime
- do not take more than 2 capsules in 24 hours

Other information

- each capsule contains: potassium 20 mg
- read all warnings and directions before use. Keep carton stored at 20-25°C (68-77°F)
- avoid excessive heat above 40°C (104°F)
- protect from light

Inactive ingredients

DSC and no. 33, FD&C blue no. 1, fractionated coconut oil, gelatin, pharmaceutical ink, polyethylene glycol, potassium hydroxide, purified water, sorbitan, sorbitol

Drug Facts (continued)

Do not use

- if you have ever had an allergic reaction to any other pain reliever/fever reducer
- unless you have time for a full night's sleep
