Use
• surgical hand scrub: significantly reduces the number of microorganisms on
  the hands and forearms prior to surgery or patient care

Warnings
For external use only
Allergy alert:
This product may cause a severe allergic reaction. Symptoms may include:
• wheezing/difficulty breathing
• hives
• shock
• facial swelling
• rash
If an allergic reaction occurs, stop use and seek medical help right away.

Do not use:
• if you are allergic to chlorhexidine gluconate or any other ingredient in this
  product
• When using this product:
  • keep out of eyes, ears, and mouth. May cause serious and permanent eye injury
    if permitted to enter or allowed to remain.
  • if contact occurs, rinse with cold water right away
  • do not use routinely if you have wounds which involve more than the superficial
    layers of the skin

Stop use and ask a doctor if irritation, sensitization, or allergic reaction occurs.
These may be signs of a serious condition.

Keep out of reach of children. If swallowed, get medical help or contact a Poison
Control Center right away.

Directions
• use with care in premature infants or infants under 2 months of age. These
  products may cause irritation or chemical burns.
• open package
• wet hands and forearms to the elbows with warm water
• clean under nails with nail pick provided. Nails should be maintained with a
  1 millimeter free edge.
• wet sponge and squeeze to work up a lather
