Do not use if printed safety seal under cap is NAPROXEN SODIUM (NSAID) Capsules, 220 mg

Strength to last 12 hours

Drug Facts

Active ingredient (in each capsule)    Purposes
Naproxen sodium 220 mg    Pain reliever/fever reducer

Uses

● temporarily relieves minor aches and pains due to:
  • minor pain of arthritis
  • muscular aches
  • headache
  • toothache
  • backache
  • menstrual cramps
  • the common cold

Warnings

Stomach bleeding warning:
This product contains an NSAID, which may cause severe stomach bleeding. The chance is higher if you:
• have ever had stomach bleeding or ulcers
• have high blood pressure, heart disease, liver cirrhosis, kidney disease, asthma, or had a stroke
• are taking a diuretic
• have problems or serious side effects from taking pain relievers or fever reducers

Other information

When using this product:
• you may experience stomach upset

Directions

● take with food or milk if stomach upset occurs
● if taken with food, this product may take longer to work

If pregnant or breast-feeding, ask a health professional before use. It is especially important not to use naproxen sodium during the last 3 months of pregnancy unless definitely directed to do so by a doctor because it may cause problems in the unborn child or complications during delivery.

Reference ID: 4356417
**Drug Facts**

**Active Ingredient(s) in Each Capsule**
- **Naproxen Sodium (NSAID)**

**Purposes**
- Pain reliever/fever reducer

**Warnings**
- **Allergy alert:** Do not use if you are allergic to aspirin. Symptoms may include:
  - Hives
  - Swelling of face, mouth, or throat
  - Difficulty breathing

**Heart attack and stroke warning:** NSAIDs, except aspirin, increase the risk of heart attack or stroke. These can be fatal. The risk of heart attack or stroke is higher if you have heart disease or if you have high blood pressure, high cholesterol, or diabetes.

**Stomach bleeding warning:** Naproxen sodium may cause a severe allergic reaction, especially in people allergic to aspirin. Symptoms may include:
- Hives
- Swelling of face, mouth, or throat
- Difficulty breathing

**Directions**
- **Take with food or milk if stomach upset occurs.
- It may be easier to swallow if you take the capsule by pouring it into a glass of water and drinking the entire glass immediately. Do not squeeze, chew, or divide the capsule.
- When using this product to temporarily reduce fever, take the smallest effective dose for the shortest time possible.

**Other information**
- Do not exceed 3 capsules in a 24-hour period.
- Do not exceed 2 capsules in any 8- to 12-hour period.
- If you are taking more than 1 capsule a day or for more than 10 days, ask a health professional before use. It is especially important not to use naproxen sodium during the last 3 months of pregnancy unless definitely directed to do so by a doctor.
