

MONUROL<sup>®</sup>  
(fosfomycin tromethamine)  
Granules for Oral Solution

20656

**DOSING INSTRUCTIONS:**

1. Empty entire contents of MONUROL single-dose sachet into 3 to 4 ounces of water (1/2 cup), and stir to dissolve. (Do not use hot water.)
2. Take immediately after dissolving in water, making sure to drink complete contents of glass.

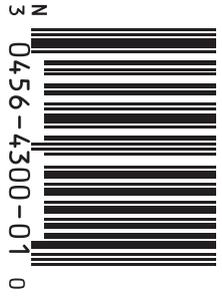

Follow your physician's instructions completely regarding taking this medication. After taking MONUROL, you should see improvement in your symptoms in 2 to 3 days. If your symptoms do not improve by the fourth day, you should contact your healthcare provider.

For dosage, administration, and full prescribing information, see package insert. Store at 25°C (77°F); excursions permitted to 15-30°C (59-86°F). Package not child resistant. Keep this and all drugs out of the reach of children.
