Zantac 150 1ct Sachet/Pouch
09.27.18
ZAN_150_1ct_Pouch_Mexico_0100658-01_FDA_2018_FNL4

READ THE DIRECTIONS AND WARNINGS BEFORE USE.

Active ingredient (in each tablet) Ranitidine 150 mg (as ranitidine hydrochloride 168 mg)

Uses
• relieves heartburn associated with acid indigestion and sour stomach
• prevents heartburn associated with acid indigestion and sour stomach brought on by eating or drinking certain foods and beverages

Warnings
Allergy alert: Do not use if you are allergic to ranitidine or other acid reducers
• if you have trouble or pain swallowing food, vomiting with blood, or bloody or black stools. This may be a sign of a serious condition. See your doctor.
• with other acid reducers Ask a doctor before use if you have
• had heartburn over 3 months. This may be a sign of a more serious condition. See your doctor.
• heartburn with lightheadedness, sweating or dizziness
• chest pain or shoulder pain with shortness of breath; sweating; pain spreading to arms, neck or shoulders; or lightheadedness
• frequent chest pain
• frequent wheezing, particularly with heartburn
• unexplained weight loss
• nausea or vomiting
• stomach pain
• kidney disease
Ask a doctor or pharmacist before use if you are taking a prescription drug. Acid reducers may interact with certain prescription drugs.

Stop use and ask a doctor if
• your heartburn continues or worsens
• you need to take this product for more than 14 days
• your symptoms do not improve or if they worsen

In case of overdose, get medical help or contact a Poison Control Center right away.

Directions
• adults and children 12 years and over: • to relieve symptoms, swallow 1 tablet with a glass of water • to prevent symptoms, swallow 1 tablet with a glass of water 30 to 60 minutes before eating food or drinking beverages that cause heartburn. Can be used up to twice daily (do not take more than 2 tablets in 24 hours)

Other information
• do not use if individual foil packet is open or torn
• store at 20°-25°C (68°-77°F)

Inactive ingredients hypromellose, magnesium stearate, microcrystalline cellulose, synthetic red iron oxide, titanium dioxide, triacetin

READ THE DIRECTIONS AND WARNINGS BEFORE USE.

Active ingredient (in each tablet): Ranitidine 150 mg (as ranitidine hydrochloride 168 mg)

Purpose: Acid reducer

Uses:

• relieves heartburn associated with acid indigestion and sour stomach

Warnings:

Allergy alert: Do not use if you are allergic to ranitidine or other acid reducers

Do not use:

• if you have trouble or pain swallowing food, vomiting with blood, or bloody or black stools. These may be signs of a serious condition. See your doctor.

Ask a doctor before use if you have:

• had heartburn over 3 months. This may be a sign of a more serious condition. • heartburn with high blood pressure, chest pain, or heartburn with chest pain or shoulder pain with shortness of breath, sweating, or pain spreading to arms, neck, or jaw (call 911 or your doctor if you think you may be having a heart attack).

• frequent chest pain

• frequent wheezing, particularly with heartburn

• unexplained weight loss

• nausea or vomiting

• stomach pain

• kidney disease

Ask a doctor or pharmacist before use if you are taking a prescription drug.

Acid reducers may interact with certain prescription drugs. Stop use and ask a doctor if:

• your heartburn continues or worsens

• you need to take this product for more than 14 days or longer than 10 days

• you need to take this product for more than 3 months

If pregnant or breast-feeding, ask a health professional before use.

Keep out of reach of children.

In case of overdose, get medical help or contact a Poison Control Center right away.

Directions:

• adults and children 12 years and over: to relieve symptoms, swallow 1 tablet with a glass of water 30 to 60 minutes before eating food or drinking beverages that cause heartburn

• to prevent symptoms, swallow 1 tablet with a glass of water 30 to 60 minutes before eating food or drinking beverages that cause heartburn

• can be used up to twice daily (do not take more than 2 tablets in 24 hours)

• children under 12 years: ask a doctor

Other information:

• do not use if individual foil packet is open or torn

• store at 20°-25°C (68°-77°F)

• avoid excessive heat or humidity

• this product is sodium and sugar free

Inactive ingredients:

hypromellose, magnesium stearate, microcrystalline cellulose, synthetic red iron oxide, titanium dioxide, triacetin

**Directions**

- Adults and children 12 years and over: take 1 tablet 30 to 60 minutes before meals or at bedtime.
- Children under 12 years: ask a doctor.
- Can be used up to twice daily (do not take more than 2 tablets in 24 hours).

**Inactive ingredients**

- Hypromellose, magnesium stearate, microcrystalline cellulose, synthetic red iron oxide, titanium dioxide, triacetin.

**Active ingredient**

Ranitidine 150 mg (as ranitidine hydrochloride 168 mg).

**Purpose**

Acid reducer.
Directions
• adults and children 12 years and over: to relieve symptoms, swallow 1 tablet with a glass of water.
• to prevent symptoms, swallow 1 tablet with a glass of water 30 to 60 minutes before eating food or drinking beverages that cause heartburn.
• can be used up to twice daily (do not take more than 2 tablets in 24 hours).

• children under 12 years: ask a doctor.

Questions?
Call 1-800-633-1610, or visit www.zantacotc.com.

Warnings
Do not use:
• if you have trouble or pain swallowing food, vomiting with blood, or bloody or black stools. These may be signs of a serious condition. See your doctor.
• with other acid reducers.

Ask a doctor before use if you have:
• had heartburn over 3 months. This may be a sign of a more serious condition.
• heartburn with lightheadedness, sweating or dizziness.
• chest pain or shoulder pain with shortness of breath; sweating; pain spreading to arms, neck or shoulders; or lightheadedness.
• frequent chest pain.
• frequent wheezing, particularly with heartburn.
• unexplained weight loss.
• nausea or vomiting.
• stomach pain.
• kidney disease.

Ask a doctor or pharmacist before use if you are taking a prescription drug. Acid reducers may interact with certain prescription drugs.

Stop use and ask a doctor if:
• your heartburn continues or worsens.
• you need to take this product for more than 14 days.

If pregnant or breast-feeding, ask a health professional before use.

Keep out of reach of children.

In case of overdose, get medical help or contact a Poison Control Center right away.

MAXIMUM STRENGTH
Zantac 150
Ranitidine Tablets 150 mg / Acid Reducer

PREVENTS & RELIEVES HEARTBURN associated with acid indigestion and sour stomach

140 TABLETS (140 DOSES)

Uses
• prevents heartburn associated with acid indigestion and sour stomach brought on by eating food or drinking beverages that cause heartburn.

Directions
• adults and children 12 years and over: swallow 1 tablet with a glass of water 30 to 60 minutes before eating or drinking certain foods and beverages that cause heartburn. Use every 8 hours as needed up to a maximum of 4 tablets daily.
• children under 12 years: ask a doctor

Inactive ingredients
• lactose monohydrate, sodium starch glycolate, sodium lauryl sulphate, starch, titanium dioxide and vanillin.
How does MAXIMUM STRENGTH Zantac 150 work?

Zantac 150 reduces the production of stomach acid. This is what makes MAXIMUM STRENGTH Zantac 150 different from antacids, which neutralize the acid already in your stomach. Antacids do not reduce the production of acid.

Tips for managing heartburn

- Do not lie flat or bend over soon after eating
- Do not eat late at night, or just before bedtime
- Certain foods or drinks are more likely to cause heartburn, such as rich, spicy, fatty, and fried foods, chocolate, caffeine, alcohol, even some fruits and vegetables
- Eat slowly and do not eat big meals
- If you are overweight, lose weight
- If you smoke, quit smoking
- Raise the head of your bed
- Wear loose fitting clothing around your stomach
- Do not use if you have trouble or pain swallowing food, vomiting with blood, or bloody or black stools. These may be signs of a serious condition. See your doctor.
- Ask a doctor before use if you have heartburn over 3 months. This may be a sign of a more serious condition. See your doctor.
- If pregnant or breast-feeding, ask a health professional before use.
- Keep out of reach of children.

Questions? call 1-800-633-1610 or visit www.zantacotc.com

What you should know about MAXIMUM STRENGTH Zantac 150

Excellent Safety Record

What is MAXIMUM STRENGTH Zantac 150?

• MAXIMUM STRENGTH Zantac 150 contains 150 mg of ranitidine (as ranitidine hydrochloride, 168 mg), a medicine that doctors have prescribed more than 200 million times worldwide.

• The ingredient in MAXIMUM STRENGTH Zantac 150, ranitidine, has been prescribed by doctors for years to treat millions of patients safely and effectively. The active ingredient in MAXIMUM STRENGTH Zantac 150 has been taken safely with many frequently prescribed medications.

• MAXIMUM STRENGTH Zantac 150 tablets are sodium and sugar free.

What symptoms does MAXIMUM STRENGTH Zantac 150 relieve and prevent?

• Certain foods or beverages, and even lying down to sleep can cause heartburn associated with acid indigestion and sour stomach.

• To relieve symptoms, swallow 1 tablet with a glass of water.
• To prevent symptoms, swallow 1 tablet with a glass of water 30 to 60 minutes before eating food or drinking beverages that cause heartburn.
• This medicine can be used up to twice daily (do not take more than 2 tablets in 24 hours).

• MAXIMUM STRENGTH Zantac 150 should not be given to children under 12 years old unless directed by a doctor.
• Allergy alert: Do not use if you are allergic to ranitidine or other acid reducers.

What should I see a doctor?

• Do not use if you have trouble or pain swallowing food, vomiting with blood, or bloody or black stools. These may be signs of a serious condition. See your doctor.

• Ask a doctor or pharmacist before use if you are taking a prescription drug. Acid reducers may interact with certain prescription drugs.

• Stop use and ask a doctor if your heartburn continues or worsens you need to take this product for more than 14 days.

• If pregnant or breast-feeding, ask a health professional before use.

• Keep out of reach of children. In case of overdose, get medical help or contact a Poison Control Center right away. Questions? call 1-800-633-1610 or visit www.zantacotc.com

BOTTLES: Bottle is sealed with printed foil under cap. Do not use if printed foil is open or torn.

BLISTERS: Do not use if the individual blister unit is open or torn.

FOIL PACKET: Do not use if the individual foil packet is open or torn.
What you should know about

RANITIDINE TABLETS 150 mg
ACID REDUCER

What is MAXIMUM STRENGTH Zantac 150?

• MAXIMUM STRENGTH Zantac 150 contains 150 mg of ranitidine (as ranitidine hydrochloride, 168 mg), a medicine that doctors have prescribed more than 200 million times worldwide.

• The ingredient in MAXIMUM STRENGTH Zantac 150, ranitidine, has been prescribed by doctors for years to treat millions of patients safely and effectively. The active ingredient in MAXIMUM STRENGTH Zantac 150 has been taken safely with many frequently prescribed medications.

• MAXIMUM STRENGTH Zantac 150 tablets are sodium and sugar free.

What symptoms does MAXIMUM STRENGTH Zantac 150 relieve and prevent?

• MAXIMUM STRENGTH Zantac 150 relieves and prevents heartburn associated with acid indigestion and sour stomach.

• Certain foods or beverages, and even lying down to sleep can cause heartburn associated with acid indigestion and sour stomach. It is normal for the stomach to produce acid, especially after consuming food or beverages. However, acid in the wrong place, such as the esophagus, or too much acid, can cause burning pain and discomfort.

• To relieve symptoms, swallow 1 tablet with a glass of water.

• To prevent symptoms, swallow 1 tablet with a glass of water 30 to 60 minutes before eating food or drinking beverages that cause heartburn.

• This medicine can be used up to twice daily (do not take more than 2 tablets in 24 hours).

• MAXIMUM STRENGTH Zantac 150 should not be given to children under 12 years old unless directed by a doctor.

• Allergy alert: Do not use if you are allergic to ranitidine or other acid reducers.

MAXIMUM STRENGTH Zantac 150 reduces the production of stomach acid. This is what makes MAXIMUM STRENGTH Zantac 150 different from antacids, which neutralize the acid already in your stomach. Antacids do not reduce the production of acid.

**Directions**

- **Adults and children 12 years and over:**
  - To relieve symptoms, swallow 1 tablet with a glass of water.
  - To prevent symptoms, swallow 1 tablet with a glass of water 30 to 60 minutes before eating food or drinking beverages that cause heartburn.
  - Can be used up to twice daily (do not take more than 2 tablets in 24 hours).
  - Do not chew tablet.

- **Children under 12 years:** Ask a doctor.

**Questions?** Call 1-800-633-1610, or visit www.zantacotc.com.

**Warnings**

- Do not use:
  - If you have trouble or pain swallowing food, vomiting with blood, or bloody or black stools. These may be signs of a serious condition. See your doctor.
  - With other acid reducers.

- Ask a doctor before use if you have:
  - Had heartburn over 3 months. This may be a sign of a more serious condition.
  - Heartburn with lightheadedness, sweating or dizziness.
  - Chest pain or shoulder pain with shortness of breath; sweating; pain spreading to arms, neck or shoulders; or lightheadedness.
  - Frequent chest pain.
  - Frequent wheezing, particularly with heartburn.
  - Unexplained weight loss.
  - Nausea or vomiting.
  - Stomach pain.
  - Kidney disease.

- Ask a doctor or pharmacist before use if you are taking a prescription drug. Acid reducers may interact with certain prescription drugs.

- Stop use and ask a doctor if:
  - Your heartburn continues or worsens.
  - You need to take this product for more than 14 days.

If pregnant or breast-feeding, ask a health professional before use.

Keep out of reach of children.

In case of overdose, get medical help or contact a Poison Control Center right away.

What you should know about

**COOL MINT TABLETS**

**MAXIMUM STRENGTH ZANTAC 150 Cool Mint Tablets**

Ranitidine Tablets 150 mg/Acid Reducer

(Please read all of this information before taking MAXIMUM STRENGTH Zantac 150 Cool Mint Tablets. Save this leaflet for future reference.)

**What are MAXIMUM STRENGTH Zantac 150 Cool Mint Tablets?**

- Maximum Strength Zantac 150 Cool Mint Tablets contain 150 mg of ranitidine (as ranitidine hydrochloride, 168 mg), a medicine that doctors have prescribed for more than 200 million times worldwide.
- When swallowed, MAXIMUM STRENGTH Zantac 150 Cool Mint Tablets release a cooling sensation in the mouth and throat.
- The ingredient in MAXIMUM STRENGTH Zantac 150 Cool Mint Tablets, ranitidine, has been prescribed by doctors for years to treat millions of patients safely and effectively. The active ingredient in MAXIMUM STRENGTH Zantac 150 Cool Mint Tablets has been taken safely with many frequently prescribed medications.
- MAXIMUM STRENGTH Zantac 150 Cool Mint Tablets are sodium and sugar free.
- MAXIMUM STRENGTH Zantac 150 Cool Mint Tablets relieve and prevent heartburn associated with acid indigestion and sour stomach.

**Why take MAXIMUM STRENGTH Zantac 150 Cool Mint Tablets?**

Eating or drinking certain foods or beverages, and even lying down to sleep, can cause heartburn associated with acid indigestion and sour stomach. It is normal for the stomach to produce acid, especially after consuming food or beverages. However, acid in the wrong place, such as the esophagus, or too much acid, can cause burning pain and discomfort.

**To relieve symptoms, swallow 1 tablet with a glass of water.**

**To prevent symptoms, swallow 1 tablet with a glass of water 30 to 60 minutes before eating food or drinking beverages that cause heartburn.**

This medicine can be used up to twice daily (do not take more than 2 tablets in 24 hours).

- Do not chew tablet.
- MAXIMUM STRENGTH Zantac 150 Cool Mint Tablets should not be given to children under 12 years old unless directed by a doctor.
- Allergy alert: Do not use if you are allergic to ranitidine or other acid reducers.

**How do MAXIMUM STRENGTH Zantac 150 Cool Mint Tablets work?**

MAXIMUM STRENGTH Zantac 150 Cool Mint Tablets reduce the production of stomach acid. This is what makes MAXIMUM STRENGTH Zantac 150 Cool Mint Tablets different from antacids, which neutralize the acid already in your stomach. Antacids do not reduce the production of acid.

- Do not lie flat or bend over soon after eating.
- Do not eat late at night, or just before bedtime.
- Certain foods or drinks are more likely to cause heartburn, such as rich, spicy, fatty, and fried foods, chocolate, caffeine, alcohol, even some fruits and vegetables.
- Eat slowly and do not eat big meals.
- If you are overweight, lose weight.
- If you smoke, quit smoking.
- Raise the head of your bed.
- Wear loose fitting clothing around your stomach.

**When should I see a doctor?**

- Had heartburn over 3 months. This may be a sign of a more serious condition. See your doctor.
- Do not use if you have trouble or pain swallowing food, vomiting with blood, or bloody or black stools.
- These may be signs of a serious condition. See your doctor.
- Do not use if printed foil is open or torn.
- Ask a doctor before use if you have:
  - Heartburn with lightheadedness, sweating or dizziness.
  - Chest pain or shoulder pain with shortness of breath, sweating, pain spreading to arms, neck or shoulders, or lightheadedness.
  - Frequent chest pain.
  - Frequent heartburn.
  - Unexplained weight loss.
  - Nausea or vomiting.
  - Stomach pain.
  - Kidney disease.
- Ask a doctor or pharmacist before use if you are:
  - Taking a prescription drug. Acid reducers may interact with certain prescription drugs.
- Stop use and ask a doctor if:
  - Your heartburn continues or worsens.
  - You need to take this product for more than 14 days.
- If pregnant or breast-feeding, ask a health professional before use.
- Keep out of reach of children.
- In case of overdose, get medical help or contact a Poison Control Center right away.

**Questions?** Call 1-800-633-1610 or visit www.zantacotc.com

**BOTTLES:** Bottle is sealed with printed foil under cap. Do not use if printed foil is open or torn.

**FOIL PACKET:** Do not use if the individual blister unit is open or torn.

**Tips for managing heartburn**

- Do not eat sweet or spicy foods.
- Do not eat big meals.
- Do not lie flat or bend over soon after eating.
- Do not eat late at night, or just before bedtime.
- Certain foods or drinks are more likely to cause heartburn, such as rich, spicy, fatty, and fried foods, chocolate, caffeine, alcohol, even some fruits and vegetables.
- Eat slowly and do not eat big meals.
- If you are overweight, lose weight.
- If you smoke, quit smoking.
- Raise the head of your bed.
- Wear loose fitting clothing around your stomach.
- Do not use if you have trouble or pain swallowing food, vomiting with blood, or bloody or black stools.
- These may be signs of a serious condition. See your doctor.
- Do not use if printed foil is open or torn.
- Ask a doctor before use if you have:
  - Heartburn with lightheadedness, sweating or dizziness.
  - Chest pain or shoulder pain with shortness of breath, sweating, pain spreading to arms, neck or shoulders, or lightheadedness.
  - Frequent chest pain.
  - Frequent heartburn.
  - Unexplained weight loss.
  - Nausea or vomiting.
  - Stomach pain.
  - Kidney disease.
