IMPORTANT Drug Facts

Uses: Nasal Spray for relief of symptoms associated with hay fever and other types of seasonal allergic rhinitis. Nasonex 24HR provides continuous allergy relief for 24 hours.

Dosage and Administration

Adults and children 12 years of age and over: Spray into one nostril just before you go to sleep. Hold the nozzle 2 inches from the nostril and press the metering valve firmly. If you need to use the other nostril, do not rinse your nose in between. Wake up with a clear nose. Do not exceed 1 spray per nostril at bedtime.

Children 2-11 years of age: Spray into one nostril. Do not exceed 1 spray per nostril at bedtime. Do not exceed 2 sprays per nostril at bedtime. Consult with a doctor.

Shake well before each use.

Missed dose: If you miss a dose, use as soon as remembered. If it is almost time for your next dose, skip the missed dose and use as usual. Do not double your dose.

Stopping treatment: Do not stop taking Nasonex 24HR suddenly. Follow your doctor’s instructions on how to stop using it.

Precautions

Consult with a doctor before using Nasonex 24HR if you have any of the following conditions:

- Asthma
- Severe hay fever
-aniemia
- peptic ulcer disease

Warnings:

- Do not use Nasonex 24HR if you are allergic to any of its ingredients.
- Do not use Nasonex 24HR if you have had an allergic reaction to it.
- Do not use Nasonex 24HR if you are pregnant or breastfeeding.

Side effects:

- Nasonex 24HR may cause side effects such as:
  - Headache
  - Nasal irritation
  - Runny nose
  - Peptic ulcer disease

Drug interactions:

- Nasonex 24HR may interact with other medications or supplements. Consult with a doctor before using other medications.

Important information:

- Store Nasonex 24HR at room temperature.
- Do not use Nasonex 24HR if the expiration date has passed.

A  GETTING STARTED

NASONEX™ 24HR Allergy works best at relieving your allergy symptoms when you get a full dose. Here’s how to get started, in five easy steps.

1  SHAKE

Shake spray well.

2  PRIME

Aim away from face. Gently squeeze bottle as air is forced out. Spraying foam may appear. Sprays foamlike and still easy to miss. Spray nozzle may be changed. See KEEP IT CLEAN, other side.

3  BLOW

Blow nose gently to clear mucus.

4  AIM

Close one nostril and put tip in other nostril. Put just the tip in your nose. Aim slightly away from center of nose.

5  BREATHE AND SPRAY

While sniffing gently, press down on spray nozzle once or twice to get rid of excess. Shake well and spray into center of your nose. Breathe out through your mouth. Repeat in other nostril.

Dosing and Cleaning Instructions

B  DIRECTIONS FOR USE

NASONEX™ 24HR Allergy works best when you use it daily. Here’s how to get started.

Children age 2-11

An adult should supervise use. Use one spray in each nostril once daily.

Check with your child’s doctor if you need to use NASONEX for longer than two months in a year.

Users age 12 or older

Use two sprays in each nostril every day.

WARNING: Do not spray in your eyes. Only for use in your nose.

Other important information for use

• Do not use more than directed.
• Do not share this bottle with anyone else as this may spread germs.
• Discard 10 days after first use of the product.

C  KEEP IT CLEAN

A clean spray nozzle helps ensure a full dose. Clean it weekly, or if it’s clogged. Don’t try to unblock nozzle with pin or sharp object – that can damage it.

1  Remove spray nozzle by grasping at base and pulling up.

2  Rinse under running tap water, and dry at room temperature.

3  Aim away from your face and gently, but firmly, replace spray nozzle. If spray nozzle is clogged, soak in warm water. Then repeat steps 2 and 3.
