Drug Facts

Active ingredient Purpose

Mometasone furoate monohydrate (glucocorticoid) 50 mcg................Allergy symptom reliever

Uses

temporarily relieves these symptoms of hay fever or other upper respiratory allergies:

- nasal congestion
- runny nose
- sneezing
- itchy nose

Warnings

Only for use in the nose. Do not spray into your eyes or mouth.

- do not use in children under 2 years of age
- to treat asthma
- if you have an injury or surgery to your nose that is not fully healed
- if you have ever had an allergic reaction to this product or any of the ingredients

Ask a doctor before use if you

- have an eye infection
- have or had glaucoma or cataracts
- are taking medicine for HIV infection (such as ritonavir)
- a steroid medicine for asthma, allergies or skin rash
- ketoconazole pills (medicine for fungal infection)

When using this product

- the growth rate of some children may be slower while using this product.
- stinging may occur for a few seconds right after use
- you may start to feel relief within 12 hours and full effect after several days of regular, once-a-day use
- do not share this bottle with anyone else as this may spread germs
- remember to tell your doctor about all the medicines you take, including this one

Stop use and ask a doctor if

- you have, or come into contact with someone who has chickenpox, measles or tuberculosis
- your symptoms do not get better within 7 days of starting use or you get new symptoms such as severe facial pain or thick nasal discharge. You may have something more than allergies, such as an infection.
- you get a constant whistling sound from your nose. This may be a sign of damage inside your nose.
- you get an allergic reaction to this product. Seek medical help right away.

- you get new changes to your vision that develop after starting this product
- you have severe or frequent nosebleeds

If pregnant or breast-feeding, ask a health professional before use.

Keep out of reach of children.

In case of overdose, get medical help or contact a Poison Control Center right away (1-800-222-1222).

Directions

Read insert (inside package) for how to:

- prime the bottle
- use the spray
- clean the nozzle
- shake well before each use
- use this product only once a day
- do not use more than directed

Adults & children 12 years of age and older

- 2 sprays in each nostril once daily while sniffing gently

Children 2 to 11 years of age

- the growth rate of some children may be slower while using this product.
- children should use for the shortest amount of time necessary to achieve symptom relief. Talk to your child's doctor if your child needs to use the spray for longer than two months a year.

Children under 2 years of age

- do not use

Other information

- do not use if sealed package is torn or opened
- keep package and insert. They contain important information.
- store between 20-25°C (68-77°F)
- discard 75 days after first use of the product
