

CENTER FOR DRUG EVALUATION AND RESEARCH

Approval Package for:

APPLICATION NUMBER:

761175Orig1s000

Trade Name: JOBEVNE injection

Generic or Proper Name: Bevacizumab-nwgd

Sponsor: Biocon Biologics Inc.

Approval Date: April 9, 2025

Indication:

JOBEVNE is indicated for the treatment of patients with:

- Metastatic colorectal cancer
 - in combination with intravenous fluorouracil-based chemotherapy for first- or second-line treatment
 - in combination with fluoropyrimidine-irinotecan-or fluoropyrimidine-oxaliplatinbased chemotherapy for second-line treatment in patients who have progressed on a first-line bevacizumab product-containing regimen.
 - Limitation of Use: not indicated for adjuvant treatment of colon cancer.
- Unresectable, locally advanced, recurrent or metastatic non-squamous non-small cell lung cancer, in combination with carboplatin and paclitaxel for first-line treatment.
- Recurrent glioblastoma in adults.
- Metastatic renal cell carcinoma in combination with interferon alfa.
- Persistent, recurrent, or metastatic cervical cancer, in combination with paclitaxel and cisplatin, or paclitaxel and topotecan.
- Epithelial ovarian, fallopian tube, or primary peritoneal cancer:
 - in combination with carboplatin and paclitaxel, followed by Jobevne as a single agent, for stage III or IV disease following initial surgical resection
 - in combination with paclitaxel, pegylated liposomal doxorubicin, or topotecan for platinum-resistant recurrent disease who received no more than 2 prior chemotherapy regimens
 - in combination with carboplatin and paclitaxel or carboplatin and gemcitabine, followed by Jobevne as a single agent, for platinum-sensitive recurrent disease

APPLICATION NUMBER:

761175Orig1s000

APPROVAL LETTER

BLA 761175

BLA APPROVAL

Biocon Biologics Inc.
Attention: Arlene Wolny
Head of Global Regulatory Affairs
245 Main Street, 2nd Floor
Cambridge, MA 02142

Dear Arlene Wolny:

Please refer to your biologics license application (BLA) received December 27, 2019, and your amendments, submitted under section 351(k) of the Public Health Service Act for JOBEVNE (bevacizumab-nwgd), injection.

We acknowledge receipt of your resubmission dated August 11, 2023, which constituted a complete response to our February 6, 2023, action letter.

We also acknowledge receipt of your resubmission dated November 13, 2024, which constituted a complete response to our February 7, 2024, action letter.

BLA 761175 seeks licensure of JOBEVNE (bevacizumab-nwgd) injection 100 mg/4 mL and 400 mg/16 mL in a single-dose vial for intravenous use as biosimilar to US-licensed Avastin (bevacizumab) injection 100 mg/4 mL and 400 mg/16 mL in a single-dose vial for intravenous use, respectively.

LICENSING

We have approved your BLA for JOBEVNE (bevacizumab-nwgd) effective this date. You are hereby authorized to introduce or deliver for introduction into interstate commerce, JOBEVNE under your existing Department of Health and Human Services U.S. License No, 2324.

JOBEVNE is indicated for the treatment of patients with:

- Metastatic colorectal cancer
 - in combination with intravenous fluorouracil-based chemotherapy for first-or second-line treatment
 - in combination with fluoropyrimidine-irinotecan-or fluoropyrimidine-oxaliplatin-based chemotherapy for second-line treatment in patients who have progressed on a first-line bevacizumab product-containing regimen.
 - Limitation of Use: not indicated for adjuvant treatment of colon cancer.

- Unresectable, locally advanced, recurrent or metastatic non-squamous non-small cell lung cancer, in combination with carboplatin and paclitaxel for first-line treatment.
- Recurrent glioblastoma in adults.
- Metastatic renal cell carcinoma in combination with interferon alfa.
- Persistent, recurrent, or metastatic cervical cancer, in combination with paclitaxel and cisplatin, or paclitaxel and topotecan.
- Epithelial ovarian, fallopian tube, or primary peritoneal cancer:
 - in combination with carboplatin and paclitaxel, followed by Jobevne as a single agent, for stage III or IV disease following initial surgical resection
 - in combination with paclitaxel, pegylated liposomal doxorubicin, or topotecan for platinum-resistant recurrent disease who received no more than 2 prior chemotherapy regimens
 - in combination with carboplatin and paclitaxel or carboplatin and gemcitabine, followed by Jobevne as a single agent, for platinum-sensitive recurrent disease

MANUFACTURING LOCATIONS

Under this license, you are approved to manufacture bevacizumab-nwgd drug substance and to manufacture, fill, label, and package the final formulated drug product at Biocon Biologics Limited, Bengaluru, Karnataka, India (FEI: 3003981475). You may label your product with the proprietary name, JOBEVNE, and market it in 100 mg/4 mL and 400 mg/16 mL single dose vials, injection.

DATING PERIOD

The dating period for JOBEVNE shall be 24 months from the date of manufacture when stored at 2°C to 8°C. The date of manufacture shall be defined as the date of final sterile filtration of the formulated drug product. The dating period for your drug substance shall be (b) (4) months from the date of manufacture when stored at (b) (4)

We have approved the stability protocol in your license application for the purpose of extending the expiration dating period of your drug product under 21 CFR 601.12.

FDA LOT RELEASE

You are not currently required to submit samples of future lots of JOBEVNE to the Center for Drug Evaluation and Research (CDER) for release by the Director, CDER, under 21 CFR 610.2. We will continue to monitor compliance with 21 CFR 610.1, requiring completion of tests for conformity with standards applicable to each product prior to release of each lot.

Any changes in the manufacturing, testing, packaging, or labeling of JOBEVNE, or in the manufacturing facilities, will require the submission of information to your BLA for our review and written approval, consistent with 21 CFR 601.12.

APPROVAL & LABELING

We have completed our review of this application, as amended. It is approved, effective on the date of this letter, for use as recommended in the enclosed agreed-upon labeling.

CONTENT OF LABELING

As soon as possible, but no later than 14 days from the date of this letter, submit, via the FDA automated drug registration and listing system (eLIST), the content of labeling [21 CFR 601.14(b)] in structured product labeling (SPL) format.¹ Content of labeling must be identical to the enclosed labeling (text for the Prescribing Information). Information on submitting SPL files using eLIST may be found in the guidance for industry *SPL Standard for Content of Labeling Technical Qs and As* (October 2009).²

The SPL will be accessible via publicly available labeling repositories.

CARTON AND CONTAINER LABELING

Submit final printed carton and container labeling that are identical to the carton and container labeling submitted on March 28, 2025, as soon as they are available, but no more than 30 days after they are printed. Please submit these labeling electronically according to the guidance for industry *SPL Standard for Content of Labeling Technical Qs & As*. For administrative purposes, designate this submission “**Final Printed Carton and Container Labeling for approved BLA 761175**” Approval of this submission by FDA is not required before the labeling is used.

REQUIRED PEDIATRIC ASSESSMENTS

Under the Pediatric Research Equity Act (PREA) (21 U.S.C. 355c), all applications for new active ingredients (which includes new salts and new fixed combinations), new indications, new dosage forms, new dosing regimens, or new routes of administration are required to contain an assessment of the safety and effectiveness of the product for the claimed indication(s) in pediatric patients unless this requirement is waived, deferred, or inapplicable.

¹ See <http://www.fda.gov/ForIndustry/DataStandards/StructuredProductLabeling/default.htm>

² We update guidances periodically. For the most recent version of a guidance, check the FDA Guidance Documents Database at <https://www.fda.gov/RegulatoryInformation/Guidances/default.htm>.

The Agency has determined that, at this time, no pediatric studies will be required under PREA for this BLA.

PROMOTIONAL MATERIALS

You may request advisory comments on proposed introductory advertising and promotional labeling. For information about submitting promotional materials, see the final guidance for industry *Providing Regulatory Submissions in Electronic and Non-Electronic Format-Promotional Labeling and Advertising Materials for Human Prescription Drugs*.³

You must submit final promotional materials and Prescribing Information, accompanied by a Form FDA 2253, at the time of initial dissemination or publication [21 CFR 601.12(f)(4)]. Form FDA 2253 is available at FDA.gov.⁴ Information and Instructions for completing the form can be found at FDA.gov.⁵

REPORTING REQUIREMENTS

You must submit adverse experience reports under the adverse experience reporting requirements at 21 CFR 600.80.

Prominently identify all adverse experience reports as described in 21 CFR 600.80.

You must submit distribution reports under the distribution reporting requirements at 21 CFR 600.81.

You must submit reports of biological product deviations under 21 CFR 600.14. You should promptly identify and investigate all manufacturing deviations, including those associated with processing, testing, packing, labeling, storage, holding and distribution. If the deviation involves a distributed product, may affect the safety, purity, or potency of the product, and meets the other criteria in the regulation, you must submit a report on Form FDA 3486 to:

Food and Drug Administration
Center for Drug Evaluation and Research
Division of Compliance Risk Management and Surveillance
5901-B Ammendale Road
Beltsville, MD 20705-1266

Biological product deviations, sent by courier or overnight mail, should be addressed to:
