

Contains Nonbinding Recommendations

Draft – Not for Implementation

Draft Guidance on Levoketoconazole

May 2025

This draft guidance, when finalized, will represent the current thinking of the Food and Drug Administration (FDA, or the Agency) on this topic. It does not establish any rights for any person and is not binding on FDA or the public. You can use an alternative approach if it satisfies the requirements of the applicable statutes and regulations. To discuss an alternative approach, contact the Office of Generic Drugs.

In general, FDA's guidance documents do not establish legally enforceable responsibilities. Instead, guidances describe the Agency's current thinking on a topic and should be viewed only as recommendations, unless specific regulatory or statutory requirements are cited. The use of the word *should* in Agency guidances means that something is suggested or recommended, but not required.

Active Ingredient:	Levoketoconazole
Dosage Form:	Tablet
Route:	Oral
Strength:	150 mg
Recommended Study:	One in vivo bioequivalence study with pharmacokinetic endpoints
1.	Type of study: Fasting Design: Single-dose, two-treatment, two-period crossover in vivo Strength: 150 mg Subjects: Healthy males and non-pregnant, non-lactating females Additional comments: Exclude subjects with abnormal liver function tests or risk factors for prolonged QTc interval and Torsades de Pointes. Monitor liver function tests prior to each dose and one week after each dose.
Analyte to measure:	Levoketoconazole in plasma
Bioequivalence based on (90% CI):	Levoketoconazole
Waiver request of in vivo testing:	Not applicable

Dissolution test method and sampling times: The dissolution information for this drug product can be found in the FDA's Dissolution Methods database, <http://www.accessdata.fda.gov/scripts/cder/dissolution/>. Conduct comparative dissolution testing on 12 dosage units for each of the test product and reference listed drug (RLD).¹ Specifications will be determined upon review of the abbreviated new drug application.

Document History: Recommended May 2025

Unique Agency Identifier: PSG_214133

¹ If the RLD is not available, refer to the most recent version of the FDA guidance for industry on *Referencing Approved Drug Products in ANDA Submissions*.
