Patient Information

PATIENT WALLET CARD

**Have This Card With You At All Times
Show It To Any Doctor That Sees You And When
You Go To The Hospital**

You should plan to stay within 2 hours of the location where you received your treatment for at least 4 weeks after getting Kymriah. Your healthcare provider will check to see if your treatment is working and help you with any side effects that occur.

INFORMATION FOR THE HEALTHCARE PROVIDER

This patient has received Kymriah (CAR-T cell) therapy

Following Kymriah treatment, Cytokine Release Syndrome (CRS) can happen. It may include neurological toxicities.

Please contact his/her treating oncologist in the following situations:

- before giving steroids or cytotoxic medications
- if the patient has a serious infection
- before the patient undergoes an invasive procedure
