## Patient-Physician Agreement Form for a Female Child Who Can Not Get Pregnant

### SECTION 1. PATIENT AGREEMENT

#### I understand and confirm that:

- Pomalidomide can cause severe birth defects or death to unborn babies of females taking pomalidomide
- My child is not pregnant
- My child is not able to get pregnant because she has not yet started her period (is not menstruating)
- My child's pomalidomide prescription is **only** for her and is not to be shared with others
- We have read and understood the **Patient Guide** and/or educational materials, including the Medication Guide. These materials include information about the possible health problems and side effects that pomalidomide may cause
- My child's healthcare provider has reviewed this information with us and answered any questions we have asked
- We may be contacted by the Pomalidomide REMS to assist with the Pomalidomide REMS

#### I will tell my child that:

- We will complete the mandatory confidential monthly survey while my child is taking pomalidomide (online or by telephone interview)
- We will keep my child's pomalidomide prescription out of the reach of other children
- She will not break, chew, or open her pomalidomide capsules
- We will return any unused pomalidomide capsules for disposal. Unused pomalidomide capsules can be returned to the Pomalidomide REMS, her prescriber, or the pharmacy that dispensed her pomalidomide
- She must **not** share pomalidomide capsules with anyone
- She must **not** donate blood while taking pomalidomide (including dose interruptions) and for 4 weeks after stopping pomalidomide

### SECTION 2. PATIENT AUTHORIZATION

#### I understand and confirm that:

- By signing this authorization, I allow my child's healthcare providers and pharmacies to share my child's medical and other health information with the Pomalidomide REMS Applicants and other companies they work with to:
  - o Coordinate the delivery of products and services available from pharmacies and patient assistance programs, and other companies
  - o Analyze data for internal business purposes on the use of pomalidomide
  - o Evaluate the effectiveness of the Pomalidomide REMS
  - o Use in any other manner as required or permitted by law
  - o Provide me and my child with information about pomalidomide or my child's condition
- This authorization will remain in effect for 12 months after my child stops pomalidomide. However, it may be revoked (cancelled) earlier by me, at any time, once I inform my child's healthcare provider that my child will no longer be a part of the Pomalidomide REMS
- Once my child's information is shared as noted above, and to process and coordinate the delivery of product, there is no guarantee that the person receiving the information will not share it with another party
- I may refuse to sign this authorization, which means that I do not want my child to participate in the Pomalidomide REMS. I understand that by refusing to have my child participate in the Pomalidomide REMS, she will not be able to receive pomalidomide. However, I understand that I can speak with my child's healthcare provider about other treatment options for my child's condition
